DECLARATION

As the below named inventor, I hereby declare that:

This declaration ☐ The attached application, or
is directed to:

☒ International application number PCT/DE2018/100290, filed on March
28, 2018.

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in the application.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C.
1001 by fine or imprisonment of not more than five (5) years, or both.

ASSIGNMENT

For at least one U.S. dollar (\$1.00) and for other good and valuable consideration, the receipt of which is hereby
acknowledged, I hereby sell, assign and transfer to ASK Chemicals GmbH, a corporation organized under the
laws of Germany and having an office at Reisholzstrasse 16-18, Hilden, Germany 40721, (hereinafter referred to
as the Assignee) my entire right, title and interest, together with all rights of priority, in and to the invention set
forth in the above-identified application. I further hereby sell, assign and transfer to the Assignee my entire right,
title and interest, together with all rights of priority, in and to my invention as described and/or claimed in any and
all applications for patents based on the invention, including divisionals, continuations, renewals, substitutes and
reissues thereof, and all rights of priority resulting from any of these patent applications, as well as all foreign
counterparts and extensions thereof, together with all patents issuing on any of these applications for the full
terms of all of the patents which may be granted on the invention.

I authorize the Assignee to make applications for, to prosecute such applications, and to receive patents for the
invention in the United States and any foreign countries, in the Assignee's name.

I promise and agree that I will execute or procure any further necessary assurance of title to the invention and
any patents which may issue on the invention. I will, at any time, upon the request and without further
consideration, but at the expense of the Assignee, deliver any testimony in any legal proceedings and execute all
papers and do all other things that may be necessary or desirable to perfect the title to the invention, or any
patents which may be granted therefor, to the Assignee, its successors, assigns, or other legal representatives. I
will, at any time, upon the request and at the expense of the Assignee, execute any continuations, divisionals,
reissues, or any other additional applications for patents for the invention or any part or parts thereof and any
patents issuing thereon are hereby assigned to the Assignee. I will make all rightful oaths, and do all lawful acts
required for procuring and enforcing any of the patents, without further compensation, but at the expense of the
Assignee, its successors, assigns or other legal representatives.

I authorize and request the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States for the invention, resulting from any of the aforesaid applications to the Assignee.
