ASSIGNMENT

This assignment is by the undersigned entity:

Universitätsmedizin der Johannes Gutenberg-Universität Mainz
Address: Langenbeckstraße 1, 55131 Mainz, GERMANY
A juristic entity duly organized under and pursuant to the laws of: Germany

(referred to in this Assignment as "Assignor"), whose residence or mailing address information is listed above.

This Assignment is to:

Assignee: TRON-Translationale Onkologie an der Universitätsmedizin der Johannes
Gutenberg-Universität Mainz gGmbH
Address: Freiligrathstr. 12, 55131 Mainz, GERMANY
A juristic entity duly organized under and pursuant to the laws of: Germany

(referred to in this Assignment as "Assignee"), which desires to acquire the entire right, title and interest in, to and under said patent application and the inventions covered thereby.

Assignor has invented certain new and useful inventions in:

**PEPTIDE MIMOTOPES OF THE CD3 T-CELL CO-RECEPTOR EPSILON CHAIN
AND USES THEREOF**

for which the following application has been filed in the United States of America.

Serial No.: 15/741,902 International Filing Date: July 14, 2015

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged,

1. Assignor hereby sells, assigns, transfers and sets over, to Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the above-mentioned inventions, application for letters patent, any and all provisionals, non-provisionals, divisions, continuations, and continuations-in-part claiming priority thereto or the benefit thereof; substitutions of said applications, and any and all letters patent or patents in the United States of America and all foreign countries or jurisdictions which may be granted therefor and thereon, including, without limitation, any modifications to such letters patent or patents such as through reissue, re-examination or other post-grant proceeding, and any and all extensions of said letters patent or patents, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee (including any right to institute actions and to recover damages for past, present and future infringement), for its own use and the use of its successors, legal representatives and assigns, to the full end of the term or terms for which letters patent or patents may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor, had this sale and assignment not been made.

2. Assignor represents and warrants that Assignor has the full and unencumbered right to sell, assign, and transfer the interests sold, assigned, and transferred herein, and

that Assignor has not executed and will not execute any document or instrument in conflict herewith.

3. Assignor shall promptly sign and execute all papers and documents, take all lawful oaths, and do all acts necessary, required or useful for the procurement, maintenance, enforcement, defense or otherwise to secure title thereto to the Assignee, at the sole cost and expense of Assignee, its successors, legal representatives and assigns, in each case including, without limitation, arising from or relating to (a) said inventions, or said application for letters patent; (b) any provisional, non-provisional, division, continuation, or continuation-in-part claiming priority thereto or the benefit thereof, or any substitution of any such application, or (c) any letters patent or patents for said inventions in any country or jurisdiction, including without limitation, any modifications to such letters patent or patents such as through reissue, re-examination, or other post-grant proceeding. To be clear, for purposes of this paragraph, "procurement, maintenance, enforcement, defense" shall include, without limitation, any preparation, prosecution, pre-grant proceeding, and post-grant proceeding, whether before a patent office or other administrative body or judicial body with jurisdiction therefor.
4. Assignor hereby authorizes and requests the Commissioner of Patents in the United States to issue the above mentioned letters patent of the United States to Assignee as the assignee of said inventions and the letters patent to be issued thereon for the sole use of Assignee, its successors, legal representatives and assigns.
5. Assignor hereby grants attorneys, all of Sheppard Mullin Richter & Hampton LLP, the power and authority to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark office for recordation of this document, including the power to insert on this assignment the application number and filing date of said application when known.
6. Assignor understands and agrees that the attorneys and agents of the law firm Sheppard Mullin Richter & Hampton LLP do not personally represent Assignor or Assignor's legal interests, but instead represent the interests of Assignee; since said attorneys and agents cannot provide legal advice to Assignor with respect to this Assignment, Assignor acknowledges its right to seek its own independent legal counsel.

In witness whereby, executed by the undersigned on the date(s) opposite the undersigned names(s).
