**THIS ASSIGNMENT** is effective as of October 8, 2015 ("Effective Date") by and between, Ilihi, LLC, ("Assignor"), and Dart Container Corporation ("Assignee").

**WHEREAS**, Assignor owned a security interest in essentially all of the assets, including the intellectual property assets, of MicroGREEN Polymers, Inc., exercised its rights under the Washington Uniform Commercial Code on September 30, 2015 because of a default by MicroGREEN Polymers, Inc., and sold to Assignee the assets, specifically including the intellectual property assets of MicroGREEN Polymers, Inc. including but not limited to the United States patents and patent applications, other patents, utility models, invention registrations, and disclosures set forth on Schedule A attached hereto, the registered and unregistered trademarks and applications therefor as set forth on Schedule B attached hereto, copyrights, know how, trade secrets, and contract rights, together with any and all associated rights to inventions, disclosures, licenses, goodwill and reputation (collectively, the "IP Rights").

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby quitclaims and assigns to Assignee whatever right, title and interest in and to the IP rights it may own, for the United States and for all other countries, including, without limitation, any continuations, divisions, continuations-in-part, reissues, reexaminations, extensions, foreign equivalents thereof, and including the subject matter of all claims that may be obtained therefrom, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all income, royalties, damages or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of patents, trademarks, and/or copyrights, with the right to sue for, and collect the same for its own use and enjoyment, and for the use and enjoyment of its successors, assigns, or other legal representatives.

Assignor hereby makes no representations or warranties, either express or implied, regarding the adequacy or sufficiency of the IP Rights, their freedom from defects of any kind, including freedom from any claim of infringement that may result from the use thereof.
