GRANT OF A SECURITY INTEREST -- PATENTS

This Patent Security Agreement (this "Patent Security Agreement") is made as of October 3, 2019, by Damping Technologies, Inc., an Ohio corporation ("Grantor"), in favor of THE GOVERNOR AND COMPANY OF THE BANK OF IRELAND, in its capacity as Administrative Agent for itself and the other Lender Parties (together with its successors in such capacity, "Grantee"). All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement (as defined below).

WHEREAS, the Grantor is the record owner of the Patents listed on the attached Schedule A;

WHEREAS, the Grantor has entered into a Pledge and Security Agreement, dated as of October 3, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"), in favor of Grantee; and

WHEREAS, pursuant to the Security Agreement, the Grantor has granted to the Grantee for the benefit of the Lender Parties, a continuing security interest in all right, title and interest of the Grantor in, to and under the Patents to secure the payment, performance and observance of the Secured Obligations (as defined in the Security Agreement).

NOW, THEREFORE, as collateral security for the payment, performance and observance of all of the Secured Obligations, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor does hereby grant to the Grantee, for the benefit of the Lender Parties, a continuing security interest in the Patents to secure the prompt payment, performance and observance of the Secured Obligations except to the extent constituting Excluded Assets.

The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Grantee with respect to the Patents are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein.

This Patent Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart by facsimile or electronic mail shall be equally effective as delivery of an original executed counterpart.

This Patent Security Agreement shall be governed by, and constructed in accordance with, the laws of the State of New York.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the Grantor has caused this Patent Security Agreement to be duly executed by its officer thereunto duly authorized as of the date first set forth above.
