## INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (“Assignment”) is made as of October 3, 2019, by and between Olono, Inc., a Delaware corporation, with its principal place of business at 2151 S Lamar Blvd., Austin, Texas 78704 (“Company”) and InsightSquared, Inc., a Delaware corporation, with its principal place of business at 1 Center Plaza, Suite 300, Boston, Massachusetts 02108 (“Buyer”). Capitalized terms used but not defined in this Assignment have the meanings set forth in the Asset Purchase Agreement, dated as of October 2, 2019, by and between Buyer and the Company.

WHEREAS, Company owns the software generally described as “Olono”, together with all program processes, all versions of the source and object code, all maintenance and user documentation, all testing data and all other documents related thereto (collectively, the “Product”), certain patents and patent applications which are listed on attached Schedule 1 (“Assigned Patents”), certain trademarks (registered and unregistered), trademark applications and trade names which are listed on attached Schedule 2 (“Assigned Trademarks”), certain websites and domain names which are listed on attached Schedule 3 (“Assigned Domain Names”), and other unlisted intellectual property (“Unlisted IP”) including but not limited to any intellectual property rights associated with patents, inventions, trade secrets, know how, copyrights (registered or unregistered), and copyright protectable subject matter including software and documentation; and

WHEREAS, Buyer desires to receive from Company assignments to the Product, the Assigned Patents, Assigned Trademarks, Assigned Domain Names, and Unlisted IP;

NOW THEREFORE, for good and valuable consideration, Company hereby assigns to Buyer, all of (a) Company’s entire right, title and interest, including the right to sue for and collect past damages and any other remedies, in and to the Product and all goodwill related to the foregoing; (b) Company’s entire right, title and interest, including the right to sue for and collect past damages and any other remedies, in and to the Assigned Patents, and any and all divisional applications, continuation applications, continuations-in-part, provisional applications, renewals, reissues, re-examinations, substitutions and extensions thereof, and all pending applications therefor, which claim priority from any application from which Assigned Patents are derived, as well as, all foreign counterparts of Assigned Patents; (c) Company’s entire right, title and interest, including the right to sue for and collect past damages and any other remedies, in and to the Assigned Trademarks, and any and all registrations, applications, renewals and extensions related thereto, and all goodwill related to the foregoing; (d) Company’s entire right, title and interest, including the right to sue for and collect past damages and any other remedies, in and to the Assigned Domain Names and all goodwill related to the foregoing; and (e) Company’s entire right, title and interest, including the right to sue for and collect past damages and any other remedies, in and to the Unlisted IP and all goodwill related to the foregoing.

Company hereby authorizes the Commissioner of Patents and Trademarks of the United States Patent and Trademark Office, and the empowered officials of any other applicable offices, authorities, authorized agents, domain name registrars, and governments to issue or transfer the Product and all said Assigned Patents, Assigned Trademarks, Assigned Domain Names, and all applicable Unlisted IP to Buyer, as assignee thereof, or otherwise as Buyer may direct.

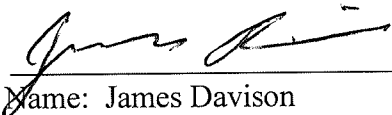

Company hereby agrees to execute all documents and take all other actions as may be necessary to effect the assignments and transfers set forth in this Assignment.
