PATENT ASSIGNMENT

This Patent Assignment dated as of September 30, 2019 (the "Effective Date"), is by and between Caroline Yohanan and Jill Christiansen, individuals located in California, USA, ("Assignors"), and Housetray, a California Stock Corporation located at 20690 Mulholland Drive, Woodland Hills, California, USA 91364 ("Assignee").

For good and valuable consideration, the receipt and sufficiency of which is acknowledged, the parties agree as follows:

1. Assignors are inventors of certain inventions and improvements described in a U.S. design patent application and having the title:

CONTAINER

which application was filed on **September 11, 2018** and assigned Application No. **29/663,019** (the "Application").

2. Assignors are the owners of the Application and any common law rights related thereto, together with the goodwill of the business relating to the Application and its subject matter (the "Patent").

3. Assignee desires to acquire all right, title and interest in and to the Patent, inventions and improvements and any patents that may be granted on or as a result thereof in the United States of America (U.S.) and in any and all foreign countries, as well as the goodwill of the business relating to the Patent.

4. Assignors convey, transfer, assign, deliver, and contribute to Assignee, its successors and assigns, all of Assignors' right, title and interest in and to the Patent, inventions and improvements throughout the world and to any and all patents, including but not limited to design patents and registrations, petty patents and utility model patents which may be granted therefor, and all continuations, continuations-in-part, divisions, reissues, extensions, renewals, and any non-provisional based on a provisional thereof ("Letters Patent") together with (1) the goodwill of the business relating to the Patent; (2) all income, royalties, and damages due or payable to Assignors with respect to the Patent, including without limitation, damages, and payments for past, present or future infringements and misappropriations of the Patent; and (3) all rights to sue for past, present and future infringements or misappropriations of the Patent.

5. Assignors authorize Assignee to file in the names of Assignors or of Assignee, as appropriate, applications for Letters Patent in any and all countries of the world, and Assignors authorize and request the Commissioner of Patents and Trademarks of the United States, and any proper official of any country, to issue to said Assignee any and all Letters Patent for the Patent, inventions and improvements, for Assignee's sole use, to the full end of the term for which such Letters Patent may be granted.

6. This Assignment shall be governed by and construed in accordance with the laws of the State of California.

7. This Assignment may be executed in counterparts, all of which taken together shall constitute one agreement. For purposes of this Assignment, signatures delivered by facsimile or by email in the portable document format (PDF) or any other electronic format shall be accepted and binding as original signatures.

8. This Assignment represents the complete and entire agreement between the Assignors and Assignee involving the Patent and may not be altered or modified except by written instrument, signed by both parties.

9. The provisions of this Assignment are severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions.

Assignors and Assignee have executed this Assignment as of the Effective Date.
