## ASSIGNMENT

This Assignment made by us,  
Francisco Javier Gonzalez, 404 Worthville Street, Randleman, North Carolina;  
Zachary Michael Rubeor, 618 Eagle Road Apt 3E, Greensboro, North Carolina;  
William C. Batten, PO Box 2548, Asheboro, NC 27204; and  
Bruce W. Kyles, PO Box 2548, Asheboro, NC 27204; hereinafter referred to as  
Assignors.

WITNESSETH: That,

WHEREAS, we are the joint inventors of certain new and useful improvements in  
PASSIVE GREASE TRAP WITH DOUBLE BAFFLE for which we have filed a U.S.  
provisional patent application number 62/742,557 and for which we are about to make  
application for patent of the United States and an international application, both of which claim  
priority to U.S. provisional application number 62/742,557;

WHEREAS, Thermaco, Inc., a corporation duly organized and existing under the laws of  
the State of North Carolina and having a principal place of business in Asheboro, County of  
Randolph, State of North Carolina, hereinafter referred to as Assignee, is desirous of acquiring  
the entire right, title and interest in and to said invention as at least described in U.S. provisional  
application number 62/742,557, and any and all patents which shall be granted therefor,  
including in particular the non-provisional application for patent of the United States and an  
international application claiming priority to U.S. provisional application number 62/742,557.

NOW, THEREFORE, To All Whom It May Concern, be it known that for good and  
valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, the  
said Assignors, do hereby sell, assign, transfer and set over unto the said Assignee, its successors

and assigns, the entire right, title and interest in and to the above-mentioned applications and invention and in and to any and all patents of the United States which may hereafter be granted therefor, and in any and to any and all continuations, continuations-in-part, substitutions, division or reissue of said patents, the same to be held and enjoyed by the said Assignee, for its interest, and for its own use and behalf, and the use and behalf of its successors and assigns, to the full end of the term for which said patents may be granted as fully and entirely as the same would have been held and enjoyed by us had this assignment and sale not been made.

And for the consideration aforesaid, we hereby covenant and agree to and with the said Assignee, its successors and assigns, that at the time of the execution and delivery of these presents the invention, application and/or patents above-mentioned are unencumbered, and that we have good right and lawful authority to convey the same in the manner herein set forth.

And for the consideration aforesaid, we hereby covenant and agree to and with the said Assignee, its successors and assigns, that we will, whenever its counsel or the counsel of its successors and assigns, learned in the law, shall advise that an amendment, division, continuation, continuation-in-part, or substitution of, or any other proceeding in connection with said application, including interference proceedings, is lawful and desirable, sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for the procurement of valid patents for said invention, or for the reissue of the same without charge to our said Assignee, its successors or assigns, but at its or their expense.

We hereby request the Commissioner for Patents to issue the patents in accordance with this instrument.

For the consideration aforesaid, we have sold, assigned, transferred and set over, and by these presents do sell, assign, transfer and set over, unto the said Assignee, its successors, assigns

or nominee, the entire right, title and interest in and to any and all patents for said invention which may be granted in countries foreign to the United States and in and to any applications for patents which may be filed for said invention in countries foreign to the United States and in and to the invention as at least described in said application; and we hereby authorize and empower the said Assignee, its successors, assigns or nominees to apply for patents or other form of protection on said invention in its own name or in the name of its successor, Assignee, or nominee, in any and all countries where it may desire to file such application and where said application may be filed by another than the inventor; and we hereby covenant and agree to sign all papers and drawings, take all rightful oaths, and do all acts necessary or required to be done for procurement of patents, or other form of protection, for said invention or inventions in countries foreign to the United States, and for further investing or confirming the right and title therein to the Assignee, its successors, Assignee, or nominee, without charge to our said Assignee, its successor, Assignee or nominee, but at its or their expense.

IN WITNESS WHEREOF, we have hereunto set our hands and seal(s) this the 29<sup>th</sup> day of July 2019.
