Plexxikon

**PROPRIETARY INFORMATION AND
INVENTION ASSIGNMENT AGREEMENT**

As a condition of my employment by Plexxikon Inc., a California corporation, together with any of its successors or assigns (collectively, the "Company"), and in consideration of my employment relationship with the Company, I agree to the following:

2. Inventions

(a) **Definition of Inventions.** For purposes of this Agreement, "Inventions" means all inventions, methods, processes, works of authorship, ideas, concepts, know-how, and trade secrets, whether or not patentable or registrable under copyright or similar laws, including: inventions, trade secrets, know-how, ideas, improvements, discoveries, developments, processes, designs, techniques, formulas, formulations, source and object code, data, programs, and other works of authorship; organisms, plasmids, cosmids, bacteriophages, expression vectors, cells, cell lines, tissues, materials, substrates, media, delivery methods methods, assays, compounds, peptides, proteins, DNA, RNA, and their constructs, and sequence, genomic, and structural information relating thereto; crystals, optically active materials, ceramics, metals, metal oxides, and organic and inorganic chemical, biological and other material and their progeny, and derivative works with respect to any of the foregoing, and any other forms of technology.

(b) **Assignment of Inventions.** I assign to the Company, or its designee, all right, title and interest throughout the world in and to any and all Inventions that I conceive, make, or reduce to specific form, either alone or jointly with others, during the period of my employment by the Company (collectively, "Employment Inventions").
