confirm our obligation to and hereby sell, assign and convey, unto Assignees, its successors and assigns, except as set forth below, my entire right, title and interest -

(1) in and to an invention entitled "***NOVEL ESTER COMPOUNDS, METHOD FOR THE PRODUCTION THEREOF AND USE THEREOF***" for which we have executed a United States patent application, said United States application being assigned serial no.16/493,830 filed on September 13, 2019;

(2) in and to said United States patent application, in and to all other patent applications (including divisional, continuation, continuation-in-part, §111(b) provisional, §111(a), reissue applications, and international patent applications designating the United States) based upon said invention, and in and to the patent or patents to be granted thereon, including reissues thereof, if any, to the full end of the term or terms for which said patent or patents may be granted; and

(3) in and to all patent applications on said invention now or hereafter filed in countries foreign to the United States of America, including patent applications filed under the Patent Cooperation Treaty, the European Patent Convention or any other international treaty, and including the right to claim priority of said United States application, and in and to any and all patents granted on said applications to the full end of the terms for which said patents may be granted.

MMB Docket No. 2304-0010
Berendt Ref.: K1U-225-US

We hereby agree that we will, upon demand of Assignees, its successors or assigns, and without further consideration to me, execute any and all papers that may be necessary, or deemed by Assignees, its successors or assigns, to be necessary, to a complete fulfillment of the intent and purposes of this Assignment, it being understood that any expense incident to the execution of such papers shall be paid by Assignees, its successors and assigns, and not by us.
