PATENT ASSIGNMENT AGREEMENT

THIS PATENT ASSIGNMENT AGREEMENT ("Agreement") is made and entered into this 19th day of August 2002, by and between Coventor, Inc., a Delaware corporation with a principal place of business located at 4001 Weston Parkway, Suite 200, Cary, NC 27513 (hereinafter referred to as "Assignor"), and Teragenics, Inc., a Delaware corporation with a principal place of business located at 625 Mount Auburn Street, Cambridge, MA 02138 (hereinafter referred to as "Assignee").

WITNESSETH

WHEREAS, Assignor and Assignee have entered into that certain Stock Subscription and Contribution Agreement dated August 19, 2002 (the "Asset Contribution Agreement") which, along with the promises contained herein, constitute mutual consideration for the promises herein;

WHEREAS, Assignor is the sole and exclusive owner of the Patent Rights (as hereinafter defined) set forth herein; and

WHEREAS, Assignee desires to acquire, and Assignor desires to assign, Assignor's entire right, title, and interest in and to the Patent Rights.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

Assignor hereby sells, assigns, transfers and conveys unto Assignee all of Assignor's right, title and interest in and to the patent applications and patents set forth on Exhibit A attached hereto, any patents issuing based on any patent applications set forth on Exhibit A, the inventions disclosed in any of the foregoing, any and all counterpart United States, international and foreign patents, applications and certificates of invention based upon or covering any portion of the foregoing and all reissues, divisionals, renewals, extensions, provisionals, continuations and continuations-in-part of any of the foregoing (collectively "Patent Rights"):

Assignor further agrees to and hereby does sell, assign, transfer and convey unto Assignee: (i) those rights to recover past, present and future damages for infringement of the Patent Rights, and (ii) all rights to apply in any or all countries of the world for patents, certificates of invention or other governmental grants for the Patent Rights, including without limitation under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperation Treaty, or any other convention, treaty, agreement or understanding. Assignor also hereby authorizes the respective patent office or governmental agency in each jurisdiction to issue any and all patents or certificates of invention which may be granted upon any of the Patent Rights in the name of Assignee, as the assignee to the entire interest therein. Assignor further agrees, at the expense of Assignee, to take all necessary and reasonable steps to record this Agreement in the

Assignments branch of the United States Patent and Trademark Office and the respective patent office or governmental agency in each jurisdiction as soon as practicable.

Assignor hereby covenants and agrees that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreement in conflict herewith.

The terms and conditions of this Assignment shall inure to the benefit of Assignee, its successors, assigns and other legal representatives, and shall be binding upon Assignors, its successor, assigns and other legal representatives.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.
