**ASSIGNMENT**

**WHEREAS**, I/We of residence as listed, have invented certain new and useful improvements as below entitled for which a patent application for United States Letters Patent is made; and

**WHEREAS**, THE TEXAS A&M UNIVERSITY SYSTEM (hereinafter referred to as "Assignee"), a non-profit organization and an agency of the State of Texas, with an address of 3369 TAMU, College Station, Texas 77843-3369, desires to acquire my entire right, title and interest in and to the invention, and in and to the said patent application and any Letters Patent that may issue thereon;

**NOW, THEREFORE**, for and in consideration of One United States Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I assign to Assignee, all right, title and interest in and to said invention and in and to said application assigned U.S. Provisional Patent Application Serial No. 62/746,352 filed October 16, 2018, entitled DEFLECTOR BRACKET AND CABLE ANCHOR FOR GUARDRAIL TERMINAL, and in and to all patents which may be granted therefor, and all divisions, reissues, continuations, continuations-in-part and extensions thereof; and I hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as our interest is concerned, to Assignee.

I also assign to Assignee, all right, title and interest to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and I further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

I will communicate to Assignee any facts known to me respecting any improvements; and, at the expense of Assignee, I will testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for said invention in all countries.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.
