ASSIGNMENT

WHEREAS, I:

Amlan SEN, of 10 Upper Serangoon View, #05-01, Singapore, 534198, have made a certain new and useful invention as set forth in an application for United States Letters Patent entitled PLATING APPARATUS AND OPERATION METHOD THEREOF, Attorney's Docket No. PYX-002, Serial Number 16/656,863, filed the 18th day of October, 2019, (the hereafter assignee or attorney of record being authorized to insert the application number and day of filing when ascertained); as set forth in Singapore Patent Application Serial No. 10201902611P, filed on March 22, 2019 ; and as set forth in China Patent Application Serial No. 201910391509.6, filed on May 10, 2019 (hereinafter collectively referred to as "said patent application(s)").

I made said invention set forth in said patent application(s) while employed by PYXIS CF PTE. LTD. (hereinafter referred to as "PYXIS"), of 8 Admiralty Street, #01-07/10, Singapore, 757438, and acknowledge my obligation at the time the invention was made to assign said invention to PYXIS. Pursuant to said obligation, I assign to PYXIS, its legal representatives, successors and assigns, the entire right, title and interest in said patent application(s), including the right to claim priority of the filing date of said patent application(s) under international conventions, and in said invention as set forth in said patent application(s), including any divisional, continuation, continuation-in-part, continued prosecution, or provisional application thereof, and in all patents, including any reissued, extended or reexamined patent thereof, of the United States and of any foreign country which may be issued for said invention, as fully and completely as the same would have been held by me had this assignment not been made. The entire right, title and interest shall vest irrevocably in PYXIS. I further agree upon request, without additional compensation but at no expense to me, to execute or assent to foreign applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to PYXIS, its legal representatives, successors and assigns, or as said PYXIS may direct.

AND I request the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention to said PYXIS, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said patent(s) and the invention(s) covered thereby.
