Box 32052, KY1-1208 Grand Cayman, Cayman Islands, and its successors and assigns (collectively, "ASSIGNEE") of all of our individual and joint right, title and interest throughout the world in and to any and all inventions and improvements that are the subject or subjects of patent applications entitled

HIGH-SPEED LIGHT SENSING APPARATUS II

that name us as inventors, filed in the United States Patent and Trademark Office on February 28, 2017, as provisional application no. 62/465,139, and filed in the United States Patent and Trademark Office on March 31, 2017, as provisional application no. 62/479,322, and filed in the United States Patent and Trademark Office on May 10, 2017, as provisional application no. 62/504,531, and filed in the United States Patent and Trademark Office on April 13, 2017, as provisional application no. 62/485,003, and filed in the United States Patent and Trademark Office on May 27, 2017, as provisional application no. 62/511,977, and filed in the United States Patent and Trademark Office on July 18, 2017, as provisional application no. 62/534,179, and filed in the United States Patent and Trademark Office on September 21, 2017, as provisional application no. 62/561,266, and filed in the United States Patent and Trademark Office on January 3, 2018, as provisional application no. 62/613,054, filed in the United States Patent and Trademark Office on January 15, 2018, as provisional application no. 62/617,317, filed in the United States Patent and Trademark Office on October 31, 2016, as non-provisional application no. 15/338,660, and filed in the United States Patent and Trademark Office on February 12, 2016, as provisional application no. 62/294,436, and filed in the United States Patent and Trademark Office on December 28, 2015, as provisional application no. 62/271,386, and filed in the United States Patent and

Trademark Office on November 6, 2015, as provisional application no. 62/251,691, and

filed in the United States Patent and Trademark Office on Feb. 28, 2018, as application no. 15/908,447. We authorize and request the attorneys filing the application to complete this assignment by inserting the filing dates and serial numbers of the applications when known. The foregoing assignment and transfer occurred by operation of one or more agreements relating to our employment by Artlux Corporation or an affiliate of Artlux Corporation. Should any of us have any remaining interest, we each hereby assign and transfer any right, title or interest we may have in the above-mentioned inventions and improvements anywhere in the world to ASSIGNEE.

This assignment and confirmation includes the foregoing patent applications or patents; all legal equivalents thereof in any country and all patents issuing therefrom; all patents, utility models, and design registrations granted for any of said inventions and improvements throughout the world; and the right to claim priority based on the filing date of the foregoing patent application or patent under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purposes. We authorize ASSIGNEE to apply in all countries in our names or in the name of ASSIGNEE for patents, utility models, and design registrations and like rights of exclusion and for inventors' certificates for the assigned inventions and improvements.

The foregoing assignments have been made for good and valuable consideration, the receipt of which is hereby acknowledged, and in accordance with the employment-related agreements existing at the time the above-mentioned inventions and improvements were made.

We hereby represent and covenant that no assignment, agreement or encumbrance has been or will be made or entered into by us that would conflict with the above-mentioned assignment of the inventions and improvements to ASSIGNEE.

We further covenant for ourselves and our respective heirs, legal representatives and assigns to provide to ASSIGNEE promptly upon the request of ASSIGNEE all pertinent

facts and documents relating to any of the above-mentioned inventions and improvements, patent applications, patents and legal equivalents, as may be known and accessible to us; to testify as to the same in any interference, litigation, or proceeding relating thereto; and promptly to execute and deliver to ASSIGNEE or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue or enforce any of the above-mentioned applications, inventions and improvements, patents and equivalents thereof which may be necessary or desirable to carry out the purposes thereof.
