ASSIGNMENT

FOR VALUE RECEIVED, JAMOS, LLC, as Assignor, hereby sells, assigns and transfers to ELLIOTT GOLDBERG, an individual residing at 45 Franklin Road, Scarsdale, New York 10583, as Assignee, and his successors, assigns and legal representatives, its entire right, title and interest, for all countries, in and to a certain invention relating to "Portable Mountable Upper-Body Exercise Device" described in United States Patent Number 8,012,070, as well as all foreign counterparts thereof, the same to be held and enjoyed by Assignee, his successors, assigns or other legal representatives, to the full end of the term of said Patent.

JAMOS, LLC hereby authorizes Assignee to make applications for and to receive Letters Patent for said invention in any foreign countries in Assignor's own name or in Assignee's name at Assignee's election.

JAMOS, LLC requests that any and all patents for said invention be issued to said Assignee, his successors, assigns and legal representatives, or to such nominees as Assignee may designate.

JAMOS, LLC agrees that, when requested, it will, without charge to said Assignee but at Assignor's expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said invention in any and all countries and for vesting title thereto in said Assignee, his successors, assigns and legal representatives or nominees.

JAMOS, LLC authorizes and empowers the said Assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any applications for patent or other form of protection for said invention filed by him or them, the benefit of the right of priority provided by the International Convention of the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written authorization from Assignor.

JAMOS, LLC will, at any time, upon the request and at the expense of Assignee, execute any continuations, divisions, reissues, or any other additional applications for Letters Patent for said invention or any part or parts thereof, all of which applications and any Letters Patent issuing thereon are hereby assigned to Assignee, and will make all rightful oaths, and do all lawful acts requisite for procuring the same therein, without further compensation, but at the expense of Assignee, his successors, assigns or other legal representatives.

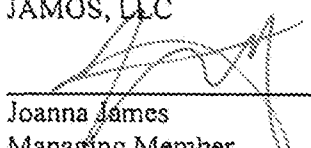

JAMOS, LLC hereby consents that copies of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like documents which may be required in any country for any purpose and more particularly in proof of the right of the said Assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

JAMOS, LLC covenants with said Assignee, his successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that Assignor has full right to convey the same as herein expressed.
