ASSIGNMENT

I hereby assign to the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College all my right, title, and interest in the invention "Sandwich Panel with a Ductile Hybrid Core Comprising Tubular Reinforcements"; this assignment to include the following patent applications and issued patent: United States provisional patent application 61/723,844, filed November 8, 2012; Patent Cooperation Treaty international patent application PCT/US2013/068895, international filing date November 7, 2013; United States patent application 14/441,216, filed May 7, 2015; United States patent application 15/818,857, filed November 21, 2017; and United States patent 9,850,660, issued December 26, 2017; this assignment also to include all corresponding national stage and regional stage patent applications and resulting patents; and this assignment also to include all priority rights to which these patent applications and patents are otherwise entitled; with this assignment to be effective as of November 7, 2013.

I further agree to sign without further consideration any further documents, and to perform such acts as I lawfully may, that may be deemed reasonably necessary by the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College in connection with these patent rights.
