Assignment

WHEREAS, we, **Matthew Wayne Kriesel**, a citizen of the United States of America, residing at 16190 Kriesel Lane, Melrose, Wisconsin 54642 and **Troy Bradley Goodenough**, a citizen of the United States of America, residing at W3665 County Road DE, Wisconsin 54644 (hereinafter collectively referred to as "Assignors"); have made an invention and have prepared or are preparing an application for a Patent of the United States of America currently entitled:

"Immobilizing Flexible Stowage Containers"

(hereinafter referred to as the "Patent Application") and we hereby authorize and request our attorney, Bryan R. Rosiejka, of 2950 Saffron Lane, Neenah, Wisconsin 54956, to insert here in parentheses (US Patent Application No. 16/678,917, filed November 8, 2019) the filing date and application number of said application when known; and

WHEREAS **Tak Logic, LLC**, having a place of business located at 15833 W Judd Street, Ettrick, Wisconsin 54627 (hereinafter referred to as "Assignee"), is desirous of acquiring the entire right, title and interest in and to said invention, said Patent Application and under any Patent derived therefrom or similar legal protection to be obtained therefor in the United States of America and in any and all foreign countries.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the Assignors hereby sell, assign and transfer to the Assignee the full and exclusive right, title and interest to said invention and said Patent Application, and in and to any and all Patents or similar legal protection in the United States of America and its territorial possessions and in any and all foreign countries obtained and to be obtained for said invention by said Patent Application or any continuation, continuation-in-part, divisional, renewal, substitute, re-examination, conversion or reissue thereof, including all extensions thereof, or any legal equivalent thereof in any foreign country for the full term or terms for which the same may be granted, including any and all convention rights.

The Assignors hereby agree and covenant that the Assignors are the owners and sole patentees named in the Patent Application having all rights, interest, and title to assign the Patent Application to Assignee and that no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this assignment and sale.

The Assignors further agree and covenant that the Assignors will promptly provide Assignee, upon written request, with all pertinent facts and documents relating to said invention, said Patent Application and legal equivalents in foreign countries as may be known and accessible to the Assignors and that they will promptly execute and deliver to Assignee or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue, extend, enforce and transfer ownership of said invention, said Patent Application and said equivalents thereof in any foreign country which may be necessary or desirable to carry out the purposes thereof.

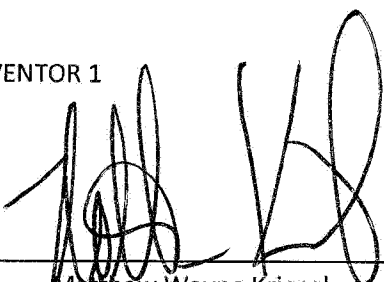

The Assignors further agree and covenant to: (a) cooperate with Assignee in the protection and enforcement of the Patent rights and any prosecution and protection of foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer, (c) communicate any facts known to Assignors respecting any improvements thereto or thereof, (d) testify in any legal proceeding, (e) make all rightful oaths, and (f) perform such

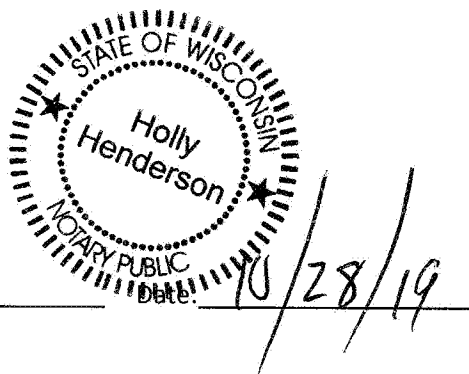

other acts as Assignee may lawfully request in order to obtain, maintain or enforce the Patent Application and any resulting Patent(s) in any and all countries.

The Assignors request the Commissioner for Patents to issue any Letters Patent of the United States of America and any correspondence relating to said invention, said Patent Application and said resulting Patent(s) to the Assignee, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said invention, said Patent Application and said resulting Patent(s).
