**COMBINED DECLARATION (37 CFR 1.63) FOR UTILITY OR DESIGN
APPLICATION AND ASSIGNMENT**

As a below named inventor, I hereby declare that:

This declaration the attached application, or
is directed to:

United States application or PCT international application number
PCT/GB2018/051338 filed on 17 May 2018; and

entitled: MISSION PLANNING FOR WEAPONS SYSTEMS

The above-identified application was made or authorized to be made by me.

I believe that I am the original inventor or an original joint inventor of a claimed invention in
the application.

I hereby state that I have reviewed and understand the contents of the above-identified
application, including the claims.

I am aware of the duty to disclose to the United States Patent and Trademark Office all
information known to me to be material to patentability as defined in 37 CFR 1.56.

Whereas, the undersigned inventor(s) has/have made certain inventions, improvements and
discoveries (herein referred to as the "Invention") disclosed in the above-identified patent
application;

Whereas, MBDA UK Limited a corporation of England and Wales, having a place of business
at Six Hills Way, Stevenage, Hertfordshire, SG1 2DA, United Kingdom, desires to acquire,
and each undersigned inventor desires to grant to MBDA UK Limited, the entire worldwide
right, title and interest in and to any and all patent applications and patents directed thereto;

Now, therefore, in consideration of One Dollar (\$1.00), and other good and valuable
considerations, the receipt of which is hereby acknowledged, each undersigned inventor
("ASSIGNOR") hereby sells, assigns and transfers to MBDA UK Limited (the
"ASSIGNEE"), its successors, assigns and legal representatives, the entire right, title and
interest for all countries, in and to the Invention, the above-identified United States patent
application, and any and all other patent applications and patents for the Invention which may
be applied for or granted therefor in the United States and in all foreign countries and
jurisdictions, including all divisional, continuing, substitute, reexamination, renewal, reissue
and extensions thereof, and all rights of priority resulting from the filing of such applications
and granting of such patents. In addition, each undersigned inventor hereby authorizes and
requests the Commissioner of Patents to issue, in accordance with this assignment, any and
all United States Letters Patent, and foreign patent authorities to issue any foreign patent,
granted for the Invention to said Assignee, the corporation above named, its successors,

assigns and legal representatives; and agreeing to carry out in good faith the intent and purpose of this assignment, the undersigned will, for the United States and all foreign countries, execute all divisional, continuing, substitute, renewal, reissue and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee its successors, assigns and representatives, all facts known to the undersigned relating to said improvements and the history thereof; testify in all legal proceedings; and generally do everything possible which said Assignee, its successors, assigns or representatives shall consider desirable for aiding in securing, maintaining and enforcing proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns and legal representatives; and

Covenant with said Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

I hereby acknowledge that any willful false statement made in this declaration is punishable under 18 U.S.C. 1001 by fine or imprisonment of not more than five (5) years, or both.
