ASSIGNMENT OF PATENT APPLICATION

WHEREAS, I, John A. Karousos of Vienna, VA (hereinafter referred to as "ASSIGNOR") have invented a certain new and non-obvious invention having utility value (hereinafter referred to as "INVENTION") as shown and described in a U.S. Patent Application entitled "SYSTEM FOR PRODUCING ENERGY VIA USE OF GRAVITY" and being identifiable in the United States Patent and Trademark Office (U.S.P.T.O.) by Application Serial No. 16/147,874, filed on October 1, 2018; and

WHEREAS, Karousos LLC having a place of business at 8423 Woodford Ct., Vienna VA 22182 (hereinafter referred to as "ASSIGNEE") is desirous of acquiring the entire right, title and interest in and to said INVENTION and in and to any Letters Patent that may be issued or granted therefore in the United States and its territorial possessions and in any and all foreign countries;

NOW, THEREFORE, in consideration of the sum of TEN DOLLARS (\$10.00), the receipt of which is hereby acknowledged, and for other good and valuable consideration, ASSIGNOR, by these presents do sell, assign and transfer unto said ASSIGNEE, the full and exclusive right to the said INVENTION in the United States and its territorial possessions and in all foreign countries and the entire right, title and interest in and to any and all Letters Patent which may be issued or granted therefore in the United States and its territorial possessions and in any and all foreign countries and in and to any and all divisions, reissues, continuations, substitutions and renewals thereof.

ASSIGNOR, hereby authorizes and requests the Patent Office Officials in the United States and its territorial possessions and any and all foreign countries to issue any and all of said Letters Patent, when issued or granted, to said ASSIGNEE as the assignee of ASSIGNOR'S entire right, title and interest in and to the same, for the sole use and benefit of said ASSIGNEE, its legal representatives, successors and assigns, to the full end of the term for which said Letters Patent may be issued or granted, as fully and entirely as the same would have been held by ASSIGNOR had this Assignment and sale not been made.

Further, ASSIGNOR agrees that ASSIGNOR will communicate to said ASSIGNEE or its legal representatives any facts known to me respecting said INVENTION, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, substitute, renewal and reissue applications, execute all necessary assignment papers to cause any and all of said Letters Patent to be issued to said ASSIGNEE, make all rightful oaths, and, generally do everything possible to aid said ASSIGNEE, its legal representatives, successors and assigns, to obtain and enforce proper protection for said INVENTION in the United States and its territorial possessions and in any and all foreign countries.

The undersigned hereby grants Hoang Steve Ngo, Esq. (of P.O. Box 26123, Arlington, VA 22215) and the United States Patent and Trademark Office the power to insert on this assignment any further identification, including the application filing date and/or application number, which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.
