for which we have executed and filed an application for a Non-Provisional Application with the United States Patent and Trademark Office on August 16, 2017 and which was assigned Application No. 62/546,130, and a Non-Provisional Application with the United States Patent and Trademark Office on August 16, 2018 and which was assigned Application No. 15/998,676, and an International Patent Application with the United States Receiving Office of the World Intellectual Property Organization on August 16, 2018 and which was assigned International Application No. PCT/US2018/000154;

WHEREAS, Gaumard Scientific Company, Inc. (Assignee), a corporation organized and existing under the laws of the State of Florida, having its principal office and place of business in the city of Miami in the State of Florida, is desirous of obtaining the entire right, title, and interest in, to and under the said inventions and the said applications in the United States of America and in any and all countries foreign thereto;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and other good and valuable consideration, we have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said Assignee, its successors, legal representatives, and assigns, the entire right, title, and interest in, to and under the said inventions, and the said applications, and all nonprovisional, divisional, renewal, substitutional, and continuing applications thereof, and all Letters Patent of the United States of America which may be granted thereon and all reissues and extensions thereof, and all applications for Letters Patent which may be filed for said inventions in any country or countries foreign to the United States of America, and all extensions, renewals, and reissues thereof, and all prior patents and patent applications from which a filing priority of the above-described patent applications may be obtained, including the right to collect past damages; and we hereby authorize and request the Commissioner of Patents of the United States of America, and any official of any country or countries foreign to the United States of America, whose duty it is to issue patents on applications as aforesaid, to issue all Letters Patent for said inventions to the said Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND WE HEREBY covenant that we have full right to convey the entire interest herein assigned, and that we have not executed, and will not execute, any agreement in conflict herewith.

AND WE HEREBY further covenant and agree that we will communicate to said Assignee, its successors, legal representatives and assigns, any facts known to us respecting said inventions, and testify in any legal proceedings, sign all lawful papers, execute all divisional, renewal, substitutional, continuing, and reissue applications, make all rightful declarations and/or oaths and generally do everything possible to aid the said Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said inventions in all countries.
