PATENT APPLICATION ASSIGNMENT

WHEREAS, We, Christopher Sakezles and Harry Oleson, citizens of the United States of America, for other good and valuable consideration of which we acknowledge receipt, WE:

HEREBY sell and assign to SYNDAVER LABS, INC., a Florida corporation (hereinafter referred to as Assignee) having an address at 8506 Benjamin Rd., Suite C, Tampa, FL 33634, its successors and assigns my entire respective right, title and interest in and to the invention and improvements invented and originated by us and described in the utility application for United States Patent currently entitled:

CHEST TUBE SIMULATION METHOD AND TRAINING DEVICE

☐ executed concurrently herewith,

☒ filed on July 10, 2015 having Serial Number 14/796,840

and any and all applications for patent and patents therefrom in any and all countries, including all divisions, continuations, reexaminations and reissues thereof, and all rights of priority resulting from the filing of said United States application, and authorize and request any official whose duty it is to issue patents, to issue any patent on said inventions and improvements resulting therefrom to said Assignee, or its successors or assigns and agree that on request and without further consideration, but at the expense of said Assignee, we will communicate to said Assignee or its representatives or nominees any facts known to me respecting said inventions and improvements and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, reexamination and reissue applications, make all rightful oaths and generally do everything possible to aid said Assignee, its successors, assigns, and nominees to obtain and enforce proper patent protection for said invention and its improvements in all countries.
