ASSIGNMENT OF PATENT RIGHTS

This Assignment of Patent Rights ("Assignment") is made this the
9th day of February 2018,

by and between

assignor,

LEO ZAMANSKY hereinafter ("Inventor") and

assignee

Sentio Software, LLC
1900 K STREET, SUITE 725
WASHINGTON, DC 20006

hereinafter ("SENTIO")

WHEREAS Inventor has invented and SENTIO desires to file an application for United States Letters Patent for United States Patent Application number: 15/885,687 filed on: January 31, 2018, titled "**SYSTEMS AND METHODS FOR CONTINUOUS ACTIVE MACHINE LEARNING WITH DOCUMENT REVIEW QUALITY MONITORING**," Attorney Docket Number RIN004PA, (the "Invention"),

WHEREAS the Invention was made while Inventor was an employee of SENTIO under such circumstances that applicable laws and regulations render the patent rights assignable to SENTIO, and whereas SENTIO desires to acquire, and Inventor desires to grant to SENTIO, the entire worldwide right, title, and interest in and to the Invention and to any and all patent applications and patents directed thereto.

Now, therefore, for good and valuable consideration, the receipt and sufficiency thereof being hereby acknowledged, Inventor and SENTIO agree as follows:

Inventor hereby assigns and otherwise transfers to SENTIO, and/or its successors and assigns and legal representatives the Inventor's full and entire world-wide right, title, and interest in and to the Invention, the above-identified United States patent application, and any and all other patent applications and patents for the Inventions which may be applied for or granted therefore in the United States and in all foreign countries and jurisdictions, including all divisionals, continuations, reissues, reexaminations, renewals, counterparts, substitutes, design, and extensions thereof, and all rights of priority resulting from the filing of such applications and granting of such patents. The Inventor also hereby authorizes and requests the Director of the United States Patent and Trademark Office to issue any United States Patent, and foreign patent authorities to issue any foreign patent granted for the Invention, to SENTIO and its successors; and assigns the entire worldwide right, title, and interest in and to the same to be held and enjoyed by SENTIO and its successors.

Inventor further agrees to make, execute, and deliver to SENTIO all documents in such usual or other forms, terms, or contents as may be required by SENTIO for the prosecution of all applications arising from the Invention, as well as after issuance of Letters

Patent, and for the settlement of any interference or other action or proceeding, these applications and Letters Patent may encounter. Inventor will aid SENTIO in every way to protect the Invention as requested by SENTIO, except that any expenses arising through such assistance will be borne, through proper arrangement, by SENTIO.

Inventor warrants that there are no outstanding assignments, grants, liens, encumbrances, or agreements, oral, written, or implied, that will impair the interests conveyed in this assignment at the time of execution of this instrument.

IN WITNESS WHEREOF, the undersigned has executed this Assignment as of the

9th Day of February, 2018
