## EXCLUSIVE LICENSE AGREEMENT

WHEREAS, Electronics and Telecommunications Research Institute having a place of business at 218 Gajeong-ro, Yuseong-gu, Daejeon-si, Republic of Korea (hereinafter, "Licensor") is the owner of certain United States patents and applications listed in Attachment A annexed hereto (collectively referred to as the "Licensed Patents"); and

*Now, Therefore,*

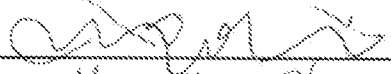

For good and valuable consideration, the receipt of which is hereby acknowledged, Licensor does hereby grant such an exclusive license to Licensee, the Licensed Patents aforesaid, and any divisionals, continuations, continuations-in-part, reissues, reexaminations, utility models, foreign counterparts, parents or extensions of any patent or application relating thereto, and any patent or patent application whose priority is based upon or in common with such patents and patent applications the same to be held and enjoyed by Licensee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, to the end of the term or terms for which said Licensed Patents are or may be granted, reissued or extended as fully and entirely as the same would have been held and enjoyed by Licensor, if this exclusive license agreement had not been made; together with all claims for damages by reason of past, current, and future infringement and/or provisional rights under said Patents, with the right to sue for, and collect the same for its own use and behalf, and/or for the use and behalf of its successors, assigns or other legal representatives.
