ASSIGNMENT OF RIGHTS

1. Inventors listed ("Assignors") are owners of the invention: "SIGN", as described in the U.S. Design Patent Application Serial Number: 29/718,234 filed December 22, 2019, (hereinafter the "Patent Application").
2. **Hobizbo Inc.** ("Assignee"), a Delaware corporation, having a place of business at: 930 Pacific Avenue, Long Beach, CA 90813, USA, desires to acquire all rights, title, and interest in and to the Patent Application and any Patents (and any reissues or extensions) that may be granted.
3. Therefore, for valuable consideration, the receipt of which is acknowledged, Assignors assign to Assignee 100% of their rights, title, and interest in and to the invention and Patent Application (as well as such rights, title, and interest in and to any divisionals, continuations in whole or part, continued prosecution applications, or substitute applications) to Assignee for the entire term of the issued Patent(s) and any reissues or extensions that may be granted and for the entire terms of any and all foreign patents that may issue from foreign applications (as well as divisionals, continuations in whole or part, continued prosecution applications, or substitute applications) filed claiming the benefit of the Patent Application.
4. Assignors authorize the United States Patent and Trademark Office to issue any Patents resulting from the Patent Application to Assignee according to the percentage interest indicated in this assignment. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignors had this assignment not been made.
5. Assignors further agree to: (a) cooperate with Assignee in the prosecution of the Patent Application and foreign counterparts; (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer; and (c) perform such other acts as Assignee lawfully may request to obtain, maintain, or enforce the Patent(s) for the invention in any and all countries.
6. Assignors authorize Attorney Robert Crownover to insert on this assignment the Serial Number and filing date of the U.S. Design Patent Application left blank in paragraph 1.
