ASSIGNMENT

For value received, I the undersigned hereby assign to **EnChem Engineering, Inc.**, having a place of business at 151B California Street, Newton, MA 02458, and its successors and assigns, the entire right, title and interest, including the right of priority, in, to and under an application for Letters Patent of the United States entitled:

Application Serial No.	Filing Date	Title of Invention
62/286,785	January 25, 2016	Soil and Water Remediation Method and Apparatus for Recalcitrant Perfluoroalkyl Substances
62/342,849	May 27, 2016	Soil and Water Remediation Method and Apparatus for Recalcitrant Halogenated Substances
62/435,423	December 16, 2016	Soil and Water Remediation Method and Apparatus for Treatment of Recalcitrant Halogenated Substances

the inventions and improvements set forth therein, and any and all continuations, continuations-in-part (CIPs), divisionals, and renewals of and substitutes for said application for said Letters Patent, and any and all Letters Patent of the United States and of countries foreign thereto including the right of priority under the International Convention which may be granted thereon or therefore; and any reissues, or reexaminations, or extensions of said Letters Patent.

I additionally authorize **EnChem Engineering, Inc.** to file applications in our name for Letters Patent in any country, to be held and enjoyed by **EnChem Engineering, Inc.**, its successors, assigns, nominees or legal representatives, to the full end of the term or terms for which said Letters Patent respectively may be granted, reissued or extended, as fully and entirely as the same would have been held and enjoyed by myself had this assignment, and transfer not been made;

And I hereby covenant that I have a full right to convey the entire interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith, and I further covenant and agree that I will, each time a request is made, and without undue delay, execute and deliver all such papers as may be necessary or desirable to perfect the title to said invention or improvements, said application and said Letters Patent to **EnChem Engineering, Inc.**, its successors, assigns, nominees or legal representatives, and I agree to communicate to **EnChem Engineering, Inc.**, to its nominee, all known facts respecting said invention or improvements said application and said Letters Patent, to testify in any legal proceedings, to sign all lawful papers, to execute all disclaimers and divisionals, continuations, CIPs, reissue and foreign applications, to make all rightful oaths and declarations, and generally to do everything possible to aid **EnChem Engineering, Inc.**, its successors, assigns, nominees and legal representatives to obtain and enforce, for its or their own benefit, proper patent protection for said invention or improvements in any and all countries;

And I hereby authorize and request the Commissioner of Patents and Trademarks of the United States and any official of any country or countries foreign to the United States whose duty it is to issue patents on

applications as aforesaid, to issue to **EnChem Engineering, Inc.**, as assignee of the entire right, title and interest, any and all Letters Patent for said invention or improvements, including any and all Letters Patent of the United States which may be issued and granted on or as a result of the application aforesaid, in accordance with the terms of this Assignment.
