WORLDWIDE ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in fulfillment of a pre-existing obligation of assignment, we, Russel Howe and James W. Sarrett at Applied Invention, LLC, 820 South Mariposa Street, Burbank, California, 91506, the undersigned inventors have sold and assigned, and by these presents hereby sells and assigns, as indicated below, unto

APPLIED INVENTION, LLC
820 South Mariposa Street
Burbank, California 91506

its successors and assigns, the entire right, title and interest, so far as concerns the United States and the Territories and Possessions thereof and all foreign countries in and to the inventions in "**WIRELESS DATA TRANSFER**", including all improvements to said invention ("Invention")

as set forth in this United States Patent Application:

- ☐ executed concurrently herewith
- ☐ executed on
- ☒ US Serial No. 62/383,062 filed September 2, 2016,
- ☐ PCT Serial No. filed ,

including all provisional, non-provisional, divisional, renewal, substitute, continuation, continuations-in-part, international and convention applications based in whole or in part upon said Invention or upon said applications, and any and all patents and reissues and extensions of any patent granted for said Inventions or upon said applications and every priority right that is or may be predicated upon or arise from said Inventions, said applications, and said patents; said assignee being hereby authorized to file patent applications in any or all countries on any or all said Inventions in the name of any of the undersigned or in the name of said assignee or otherwise as said assignee may deem advisable, under any international convention or otherwise; the Commissioner of Patents and Trademarks of the United States of America and any counterpart in any other patent office being hereby authorized to issue or transfer all said patents to said assignee in accordance herewith; said assignment including the right to bring legal proceedings and obtain any relief to which the undersigned would have been entitled if this assignment had not been made, including in respect of any infringements of the undersigned's rights in relation to said Inventions, applications and patents which occur before or after the date of this assignment; this assignment being under covenant, not only that full power to make the same is had by the undersigned, but also that such assigned right is not encumbered by any grant, license, or other right theretofore given; that the undersigned will do all acts to ensure the said

Inventions, patent applications and patents shall be held and enjoyed by said assignee as fully and entirely as the same could have been held and enjoyed by any and all of the undersigned if this assignment had not been made, and particularly to execute and deliver to said assignee all lawful documents including petitions, specifications, oaths, assignments, disclaimers, and lawful affidavits in form and substance which may be requested by said assignee; that the undersigned agrees to furnish said assignee with all facts relating to said Inventions or the history thereof and any and all documents, photographs, models, samples or other physical exhibits which may be of said Inventions, and to testify in any proceedings relating to said Inventions, patent applications, patents; that the undersigned agrees that all grants and obligations herein shall also bind all of its heirs, legal representatives, and assigns; that the undersigned agrees to promptly communicate to said assignee or its representatives any facts relating to said Inventions, to testify in any administrative, judicial or other legal proceedings involving said Inventions; that the undersigned agrees to execute any additional papers which may be requested to confirm the right of the assignee, its representatives, successors or assigns to secure patent or similar protection for said Inventions in all countries and to vest in the assignee complete title to said Inventions and patents, without further compensation, but at the expense of said Assignee, its successors, assigns and other legal representatives.

The undersigned hereby grants an authorized representative of assignee the power to insert in this assignment any further identification which may be necessary or desirable to comply with the rules of the U.S. Patent and Trademark Office or the patent office of any other country for recordation of this Assignment.

This assignment is effective for the application(s) executed concurrently herewith and for application Serial No. 62/383,062 dated September 2, 2016.

In Witness Whereof, I have executed this Worldwide Assignment on the 28th day of September, 2016.
