## ASSIGNMENT

Whereas, HAMANN, Evemarie, THIELEMANN, Dominique, THIELE, Sven K.H. hereinafter called the "Assignors", made the invention titled "In-situ polymer blend for a tire" and described in

**European priority application No. 17 183 494.8 filed on July 27, 2017**

Whereas, Trinseo Europe GmbH, a corporation organized and existing under the laws of Switzerland, having a place of business at Zugerstrasse 231, 8810 Horgen, Switzerland, hereinafter called the "Assignee", desires to acquire the entire right, title and interest in and to the invention and the patent application identified above, including the right to file applications and obtain a patent in any country claiming priority to the above application, as set forth below;

Now, therefore, in consideration of valuable and legally sufficient consideration, the receipt of which by the Assignors from the Assignee is hereby acknowledged, the Assignors have sold, assigned and transferred, and does sell, assign and transfer to the Assignee, the entire right, title and interest in and to the invention and the patent application(s) identified above, and any patents that may issue from the patent application(s) identified above, including the full right to claim all benefits and priority rights under any applicable convention; together with the entire right, title and interest in and to all continuations, divisions, renewals and extensions of any of the patent application(s) and patents defined above; together with the right to recover all damages, including, but not limited to, a reasonable royalty, by reason of past, present, or future infringement or any other violation of patent or patent application rights; to have and to hold for the sole and exclusive use and benefit of the Assignee, its successors and assigns, to the full end of the term or terms for all such patents.

The Assignors hereby covenant and agree, for both the Assignors and the Assignors' legal representatives, that the Assignors will assist the Assignee in the prosecution of the patent application identified above; in the making and prosecution of any other patent applications that the Assignee may elect to make covering the invention identified above; in vesting in the Assignee like exclusive title in and to all such other patent applications and patents; and in the prosecution of any interference which may arise involving said invention, or any such patent application or patent; and that the Assignors will execute and deliver to the Assignee any and all additional papers which may be requested by the Assignee to carry out the terms of this Assignment.

The Commissioner of Patents and Trademarks is hereby authorized and requested to issue patents to the Assignee in accordance with the terms of this Assignment.

As evidence, the Assignors have executed this agreement.
