ASSIGNMENT

WHEREAS, We, Ian A. Kyles, Kenneth R. Kveton, Michael A. Bourdess, John Wolcott, Steve Novak, Roger D. Isaac, and Gary D. McCormack, citizens of Canada, the United States of America, the United States of America, the United States of America, the United States of America, the United States of America, and the United States of America, respectively, residing in West Linn, Oregon, Happy Valley, Oregon, Portland, Oregon, Banks, Oregon, South Lake Tahoe, California, San Jose, California, and Tigard, Oregon, respectively, and each having a post office address at 444 Castro Street, Suite 305, Mountain View, California 94041, have made an invention entitled:

**EXTREMELY HIGH FREQUENCY SYSTEMS AND METHODS OF
OPERATING THE SAME**

the specification of which was filed as US Patent Application No. 14/209,988 on March 13, 2014;

WHEREAS, WAVECONNEX, INC., a corporation having an office and place of business at 444 Castro Street, Suite 305, Mountain View, California 94041 is desirous of acquiring the entire interest in said invention, said United States patent application and in any Letters Patent which may issue thereon;

NOW, THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) paid to us, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged,

we do hereby sell, assign and transfer unto the said WAVECONNEX, INC., its successors, assigns and legal representatives, all right, title and interest in and to said invention and any improvements thereon for all countries of the world, and in and to said United States patent application, including any continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any patents which may issue thereon, and any reissues of the same, and including the right to claim priority under the International Convention based on said patent application; and all right, title and interest in and to every patent application filed or to be filed on said invention in any other country, including renewals, revivals, continuations, continuations-in-part, and divisions thereof, and any substitute applications therefor, and any and all patents which may issue thereon, and any reissues and extensions of the same; and we hereby authorize and request competent authorities to grant and issue any and all patents on said invention to the said WAVECONNEX, INC., as the assignee of the entire interest therein; and we further agree to execute upon request of the assignee such additional documents, if any, as are necessary and proper to secure patent protection on said invention throughout all countries of the world, and to otherwise give full effect to and perfect the rights of the assignee under this Assignment.
