## **PATENT ASSIGNMENT**

THIS PATENT ASSIGNMENT (this "Assignment") is made and delivered as of March 31, 2016 (the "Effective Date") by TIGERLOGIC CORPORATION, a Delaware corporation (the "Assignor"), for the benefit of SPRINKLR, INC., a Delaware corporation (the "Assignee"). All capitalized terms used herein but not otherwise defined shall have the respective meanings given them in the Agreement (as defined below).

**WHEREAS**, Assignor and Assignee have entered into a certain Asset Purchase Agreement, dated as of February 17, 2016, as amended (the "Agreement");

**WHEREAS**, Assignor owns all right, title and interest in, to and under the patents and/or patent applications listed on Schedule A (hereinafter, collectively, the "Inventions"); and

**WHEREAS**, pursuant to the Agreement, Assignee is desirous of obtaining from Assignor, and Assignor wishes to transfer and assign to Assignee, all right, title and interest in and to said Inventions.

**NOW, THEREFORE**, in consideration of the foregoing, as well as other good and valuable consideration the receipt and adequacy of which is hereby freely acknowledged, and intending to be legally bound, Assignor does hereby irrevocably sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives, Assignor's entire right, title and interest in and throughout the United States of America (including its territories and dependencies) and all countries foreign thereto in and to said Inventions including, without limitation, any United States patent application(s), provisional, divisional, renewal, substitute, continuation, reexamination and reissue applications, based in whole or in part on the Inventions, any foreign applications, including international and regional applications, based in whole or in part on any of the aforesaid United States applications or in whole or in part on said Inventions, in and to any and all letters patent, including extensions thereof, of any country which have been or may be granted on any of the aforesaid applications or on said Inventions or any part(s) thereof, and in and to any right to claim priority to any of the aforesaid patents and/or patent applications, any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to the Inventions, and the right to sue for past infringements and unauthorized uses of the Inventions;

**AND ASSIGNOR** hereby authorizes and requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Inventions;

**AND ASSIGNOR** hereby acknowledges and agrees that effective as of the date hereof, the Assignee shall become the exclusive owner of the Inventions;

**AND ASSIGNOR** hereby agrees for itself and any successors or assigns to execute without further consideration any further documents and instruments which may be reasonably necessary, lawful and proper in the preparation or prosecution of any continuing, substitute, divisional, renewal, reexamination or reissue application or in any amendments, extensions or interference proceedings,

or other applications for patents of any region or country, that may be reasonably necessary to secure to Assignee its interest and title in and to said Inventions or any part(s) thereof, and in and to said several patents or any of them;

**AND ASSIGNOR AND ASSIGNEE** hereby acknowledge that: (a) this Assignment is subject in all respects to the terms and conditions of the Agreement, and all of the representations, warranties, covenants, agreements and indemnities contained in the Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein, (b) nothing contained in this Assignment shall be deemed to supersede, enlarge, reduce or otherwise modify any of the obligations, agreements, covenants, representations or warranties of Assignor and Assignee contained in the Agreement, and (c) in the event of any conflict or inconsistency between the terms of the Agreement and the terms hereof, the terms of the Agreement shall govern.
