**ASSIGNMENT**

**WHEREAS**, we, Rebecca E. Lowsky, a citizen of the United States having a residence at 6701 Westbrook Road, Columbia, South Carolina 29206, and Evan D. Lowsky, a citizen of the United States having a residence at 6615 Formosa Drive, Columbia, South Carolina 29206, have invented a certain new, original, and ornamental design disclosed in an application for Design Patent of the United States entitled ORAL MOTOR CHEW TOOL (hereinafter referred to as "said application(s)"), said application being executed concurrently herewith, and

**WHEREAS**, ARK Therapeutic Services, Inc. (hereinafter together with its successors and assigns referred to as "the Assignee"), a corporation of the State of South Carolina, having a place of business at 703 Clemson Road, Columbia, South Carolina 29229, is desirous of obtaining all intellectual property rights relating to said design and said application(s); and

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which we hereby acknowledge, we have sold, assigned, transferred, and set over, and by these presents hereby sell, assign, transfer, and set over to the Assignee all right, title, and interest in, to, and under said design and said application(s), including the right to apply for any Letters Patent of the United States of America and in any and all foreign countries on said design, and any and all other applications for Letters Patent on said design or any invention embodied thereby, in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, and convention applications based in whole or in part upon said design or upon said application(s), and any and all Letters Patent which may issue thereon in the United States and foreign countries and any and all reissues, extensions, renewals, divisions, continuations, or continuations-in-part of Letters Patent granted for said design or upon said application(s), to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from said design, said application(s), and said Letters Patent, the same to be held and enjoyed by the Assignee for its own use and benefit fully and entirely as if the same would have been held and enjoyed by us had this Assignment not been made. We hereby authorize the Assignee to file patent applications in any and all countries on any or all of said design in our name, or in its name, or otherwise, as the Assignee may deem advisable, under the International Convention or the applicable laws of a particular jurisdiction.

By this Assignment, we have hereby sold, transferred, and set over and by these presents hereby sell, assign, transfer, and set over to the Assignee all interest in copyright in and to said design, including the right to register said copyright as assignee thereof. We hereby waive our rights of attribution and integrity under 17 USC § 106A with respect to said design, for any and all uses thereof.

We hereby authorize the responsible officer of the Patent and Trademark Office of the United States, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on said design to the

Assignee as owner of all right, title, and interest therein, or otherwise as the Assignee may direct, in accordance with the terms of this Assignment.

We hereby represent and warrant that we have the full right to convey the entire right and interest herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that we will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

We hereby covenant and agree that we will, upon request of the Assignee, communicate to the Assignee any facts known to us relating to said design and the history thereof, testify in any legal proceeding, execute all lawful papers, including without limitation all divisional, continuing, and reissue applications and all rightful oaths and declarations, and generally do all further acts which may be deemed necessary by the Assignee to obtain and enforce proper patent protection for said design in all countries.

IN TESTIMONY WHEREOF, we have executed this document on the date(s) indicated below.
