**ASSIGNMENT OF UNITED STATES APPLICATION for PATENT**

Entitled:

An adjustable wheelchair seat cushion apparatus

WHEREAS, Susan L/Wilson of Los Gatos, California, and Curtis L. Landi of Los Gatos, California, (Assignors) are co-inventors of inventions defined and claimed in a certain Application for Letters Patent of the United States No. 16583251, which Application was duly filed on September 25, 2019 (the "Application"); and

WHEREAS, SUPRACOR, Inc., ("Assignee"), a corporation of the State of California, USA, with address 2050 Corporate Ct, San Jose, CA 95131, desires to acquire and has acquired the entire right, title and interest, including but not limited to causes of action, if any, for monetary recovery of damages for infringement of any United States or foreign Patent to issue thereon;

NOW, THEREFORE, for and in consideration of one dollar (\$1) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors have and do hereby sell, assign and transfer unto Assignee, its successors and assigns, the entire right, title and interest in and to said Application and any Patents issuing thereon, and the entire right, title and interest, including, without limitation, causes of action, if any, for monetary recovery of any kind, including past damages for infringement, in and to any re-issue, continuation, division or extension thereof, and all rights to sue therefor, the same to be held and enjoyed by Assignee for its own use, and for its legal representatives and assigns as fully and entirely as the same would have been held by Assignors had this assignment in sale not been made.

Assignors agree to execute and deliver any further papers and do such other acts as may be necessary and proper to vest full title in and to the Application and any Patents issuing thereon in the Assignee. Moreover, Assignors warrant that Assignors are the rightful owners and there are no others who could make a claim against the rights being assigned, and that the rights being assigned are subsisting in Assignors and are not assigned, licensed, or otherwise diluted in any way. Furthermore, Assignors covenant that if any disputes, actions, litigations, trials, or any other challenges related to the rights being assigned should arise, then Assignors shall assist Assignee to the best of Assignors' ability.
