PATENT

REEL: 051646 FRAME: 0366

PATENT ASSIGNMENT

Date: January 23, 2020

WHEREAS, **Remington Industries, Inc.**, a Tennessee corporation (the "*ASSIGNOR*"), is the owner of the patents and patent applications listed on Schedule 1.1(e)(B) of the Asset Purchase Agreement, dated as of January 23, 2020, and entered into by *ASSIGNOR* and **ADC Solutions Auto LLC**, a Delaware limited liability company (the "*ASSIGNEE*"), and all rights related thereto;

WHEREAS, a copy of the aforementioned Schedule 1.1(e)(B) is attached hereto as Appendix A;

WHEREAS, *ASSIGNOR* has assigned all rights to the applications and patents of Appendix A to the *ASSIGNEE*, including, but not limited to, all substantive rights in the applications and patents identified in Appendix A as well as the right to claim priority, the right to be granted a patent in any and all countries and Regional Patent Offices, including, without limitation, the PCT Contracting States, if applicable, and all rights of revival and reinstatement, if applicable.

NOW, THEREFORE, for good and valuable consideration, receipt whereof is hereby acknowledged, *ASSIGNOR* has and does hereby sell, assign and transfer unto said *ASSIGNEE*, its successors and assigns, the entire right, title and interest, including the right to claim priority in and to said applications and patents of Appendix A, the inventions therein disclosed, and any improvements thereon, and in any and all Letters Patent that may be granted therefor in the United States and its territorial possessions and in any and all countries and Regional Patent Offices, including, without limitation, the PCT Contracting States, and in and to any and all divisions, continuations, substitutions, renewals, re-examinations, extensions and reissues thereof, and any other applications claiming priority thereto as well as all related rights of revival or reinstatement, where applicable;

ASSIGNOR hereby authorizes and requests the Patent Office Officials in the United States and its territorial possessions, and in any and all countries and Regional Patent Offices, including, without limitation, the PCT Contracting States, to issue, when granted, any Letters Patent thereon, and any and all divisions, continuations, substitutions, renewals, re-examinations, extensions and reissues thereof, to said *ASSIGNEE*, its successors and assigns, as the assignee of the entire right title and interest in and to the same, for the sole use and behalf of the *ASSIGNEE* and the *ASSIGNEE*'s successors and assigns, to the full end of the term for which the Letters Patent may be granted, including the term of any and all divisions, continuations, substitutions, renewals, re-examinations, extensions and reissues thereof, and any other applications claiming priority thereto, as fully and entirely as the same would have been held by the *ASSIGNOR* had this assignment not been made;

ASSIGNOR hereby authorizes said *ASSIGNEE*, its successors and assigns, to file in its own name applications for patent in foreign countries in connection with the inventions hereby transferred, under the International Convention claiming the priority of said United States application or otherwise, and to secure in its own name the Letters Patent issued thereon, including any and all divisions, continuations, substitutions, renewals, re-examinations, extensions and reissues thereof, and any other applications claiming priority thereto; and

ASSIGNOR hereby agrees that, upon request, *ASSIGNOR* will sign all papers, and make all rightful oaths, and do all acts which said *ASSIGNEE*, its successors or assigns, may consider necessary in connection with said United States applications and patents in Appendix A, and in connection with any other United States application or foreign applications that may be filed in connection with said inventions, and with any improvements thereon, and in connection with any Letters Patent issued thereon, including any and all divisions, continuations, substitutions, renewals, re-examinations, extensions and reissues thereof, and any other applications claiming priority thereto.
