ASSIGNMENT

This Assignment is made from the HOWARD HUGHES MEDICAL INSTITUTE (Assignor), having a place of business at 4000 Jones Bridge Road, Chevy Chase, MD 20815-6789, to THE SALK INSTITUTE FOR BIOLOGICAL STUDIES (Assignee), having a place of business at 10010 N. Torrey Pines Road, La Jolla, California 92037.

WHEREAS, Assignor is an owner of the invention entitled PPAR AGONIST, set forth in:

U.S. Provisional Patent Application No. 61/809,182, filed on April 5, 2013;

U.S. Provisional Patent Application No. 61/812,434, filed on April 16, 2013;

PCT Application No. PCT/US2014/033088 filed on April 4, 2014; and

U.S. Application No. 14/874,008, filed on October 2, 2015.

These applications are collectively referred to herein as "the invention."

WHEREAS, Assignor desires to have a recordable instrument assigning its entire right, title and interest in and to the invention, said application and any Letters Patent that may be granted for the invention in the United States and throughout the world to Assignee;

NOW THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor sells, assigns, and transfers to Assignee, its entire right, title, and interest in and to the invention, said application and any Letters Patent that may be granted for the invention in the United States and throughout the world, including the right to file foreign applications directly in the name of Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, its legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for the invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to the invention, said application, and any Letters Patent granted for the invention in the United States and

throughout the world.

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for the invention, whether on said application or on any subsequently filed non-provisional, divisional, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of its entire interest in the invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date(s) provided below.
