and of the inventions described and claimed therein; and

WHEREAS Assignee is desirous of acquiring Assignor's entire right, title and interest in and to the same.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, **Assignors**, by these presents do sell, assign, and transfer unto **Assignee**, and their entire right, title and interest in and to the above said inventions and **U.S. Patents** or any parts thereof or any divisions, continuations, reissues or reexaminations thereof in the United States of America and in the territorial possessions of the United States of America, together with the right to sue for past infringement and the right to damages for such past infringement, the said right, title and interest to be held by **Assignee**, for its own use and behoof, and its successors, assigns or nominees, to the full end of the term for which said U.S. Patents are granted, as fully and entirely as the same would have been held by the **Assignors** had this Assignment not been made.

And **Assignors** hereby agree for themselves and their heirs, executors and administrators to execute any lawful document and to testify as to any material fact of thing which **Assignee**, its successors and assigns may deem necessary in order to secure unto itself, its successors and assigns the full right, title and interest in and to and the full enjoyment of said invention or any part thereof and any patent, the same to be done without any further consideration.

Executed this 9 day of January, 2020.
