And whereas we executed an assignment on May 24, 2016, conveying to RION HEALTH, INC. any ownership interest we may have had in the above-identified invention and patent applications by reason of making the invention while in the employ of RION HEALTH, INC., a corporation of Minnesota having its principal office at 1121 Plummer Circle SW, Rochester, MN 55902;

We do further agree for ourselves and for our heirs, executors, and administrators, to execute and deliver without further consideration any further applications, assignments, and documents, and to perform such other acts as we lawfully may, that may be deemed necessary by the Assignee, its successors, assigns, and nominees, fully to secure its right, title, and interest as aforesaid and to obtain or maintain Letters Patent, Utility Models, or Inventors' Certificates in any and all countries;

And we do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent that may be granted upon any of said applications, to **Mayo Foundation for Medical Education and Research** as the assignee of the entire right, title, and interest therein.

Further, we covenant and agree with the Assignee, and its successors and assigns, that we have not assigned, granted, mortgaged, licensed, or executed any other agreement affecting the rights and property herein conveyed to others and that we possess the full right to convey these rights and property as herein expressed.
