# ASSIGNMENT

WHEREAS, I, James Cole, have invented certain new and useful invention entitled "APPARATUS AND METHODS FOR IMPROVING OIL AND GAS PRODUCTION" for which an application for Letters Patent of the United States has been prepared and filed on December 18, 2018, receiving Serial No. 62/782,154, and further identified as attorney matter number 42921-4010P;

WHEREAS, RUNNIT CNC Shop, Inc., a Colorado corporation, having an address of 2765 Winair Drive, Grand Junction, CO 81501 ("ASSIGNEE"), desires to acquire all right, title, and interest in and to the above-identified application and the inventions described therein, and any patent issuing from the application in the United States and in all foreign countries;

NOW THEREFORE, be it known I, for and in consideration of certain good and valuable consideration, the sufficiency and receipt of which is acknowledged, sell, assign, and transfer unto ASSIGNEE, their successors, legal representatives, and assigns, the Applications and the inventions and designs described and claimed therein for the territory of the United States of America and all continuation, divisional, continuation-in-part, and reissue applications associated therewith; all corresponding patent applications in foreign countries; all applications under the Patent Cooperation Treaty; all applications for extension filed or to be filed for the inventions; and all Letters Patent, Invention Registrations, Utility Models, Extensions, Reissues, and other patent or registration rights obtained for the inventions described and claimed in the Applications in the United States of America or any other country;

I also assign any right, title, and interest in and to the application and the inventions described and/or claimed therein that have not already been transferred to the ASSIGNEE, which includes the right to be granted a patent in PCT contracting states and the right to claim priority to the application;

I warrant that I have made no assignment of the inventions, or any application for intellectual property protection therefor, to a party other than ASSIGNEE and I am under no obligation to make any assignment to any other party; and

I further agree to cooperate with the ASSIGNEE in the obtaining and sustaining of any and all such Letters Patent and other protections contemplated herein and in confirming ASSIGNEE's exclusive ownership of the Applications and the inventions described and claimed therein, but at the expense of ASSIGNEE.

The Commissioner of Patents is authorized and requested to issue any U.S. Letters Patent solely in accordance with the terms of this Assignment, to Step and Connect, LLC, their successors, legal representatives, and assigns, as the assignee of the entire right, title, and interest therein.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the date indicated below.
