Dear Sir:

I, Klaus NITSCHMANN, hereby declare that:

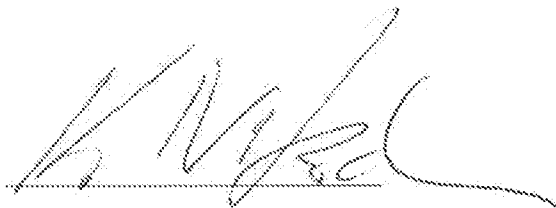

1. I am over the age of eighteen years, of sound mind and competent to make this affidavit. The facts stated herein are of my personal firsthand knowledge, and I know them to be true and correct.
2. I am employed by U-shin Deutschland Zugangssysteme GmbH, and I have firsthand knowledge that the inventors of the instant patent, U.S. Patent No. 10,151,134, Dragos Molocea and Teodor Dehelean were employed by U-shin Deutschland Zugangssysteme GmbH at the time of filing the application which resulted in U.S. Patent No. 10,151,134.
3. U.S. Patent No. 10,151,134 was filed first in Europe on April 10, 2014, and then as a PCT international application on April 7, 2015.
4. Further, our HR department has also confirmed that Dragos Molocea and Teodor Dehelean were employed by U-shin Deutschland Zugangssysteme GmbH at the time of filing the present application. Specifically, inventor Dragos Constatin Molocea was employed by U-shin Deutschland Zugangssysteme GmbH from July 29, 2013, to June 30, 2016. Inventor Teodor Cosim Dehelean was employed by U-shin Deutschland

Zugangssysteme GmbH from April 1, 2013, until October 15, 2014. See enclosed document signed by the HR Site Manager Exhibit A.

5. U-shin Deutschland Zugangssysteme GmbH is the co-assignee of the current patent.
6. Therefore, based on the above, as employees of U-shin Deutschland Zugangssysteme GmbH, the inventors Dragos Moloccea and Teodor Dehelean were obligated to assign the rights of any intellectual property, including the instant patent, on which they were co-inventors, to U-shin Deutschland Zugangssysteme GmbH. Accordingly, U-shin Deutschland Zugangssysteme GmbH has sufficient proprietary interest in this application.
7. I further declare that all statements made herein of our own knowledge are true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully Submitted,

Date: 8 May, 2019

Klaus NITSCHMANN
