PATENT ASSIGNMENT

This PATENT ASSIGNMENT is dated as of January 17, 2020 (this "Assignment") by and among Transcontinental US LLC, a Delaware limited liability company, Transcontinental Inc., a Canadian Corporation, and Transcontinental Technology LLC, a California limited liability company, hereinafter generally referred to individually as "Assignor" or collectively as "Assignors" and Hood Packaging Corporation, a Mississippi corporation, hereinafter generally referred to as "Assignee."

WHEREAS, Assignors and Assignee have entered into that certain Asset Purchase Agreement, dated as of November 26, 2019 (the "Agreement"), pursuant to which Assignors have agreed to assign to Assignee the patents set forth in Schedule A and the patent applications set forth in Schedule B (collectively, "Patents and Applications"); and

NOW, THEREFORE, in view of the consideration set forth in the Asset Purchase Agreement, the parties hereto hereby agree as follows:

1. Assignment. Effective as of January 17, 2020, Assignors hereby assign to Assignee all of their right, title, and interest in and to the Patents and Applications.

2. No Representations and Warranties; No Effect on Rights under Asset Purchase Agreement. This Assignment contains no representations and warranties. Any applicable representations and warranties as to the Patents and Applications are contained in the Asset Purchase Agreement, and nothing in this Assignment is intended to vary or expand those representations and warranties or amend or modify the Asset Purchase Agreement or affect any rights or obligations any party may have thereunder.

3. Governing Law. This Assignment shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any of the conflict of law rules thereof.

4. Counterparts. This Assignment may be executed in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed will be deemed to be an original but all of which taken together will constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Assignment by facsimile or other electronic delivery will be effective as delivery of a manually executed counterpart of this Assignment.
