Patent Assignment Agreement

This patent assignment agreement is between Tax Smart Research, LLC, a limited liability company having its address at 6333 North State Hwy 161, Irving, TX 75038, United States (the "ASSIGNEE"), and Adam Mukaty (the "INVENTOR").

INVENTOR jointly invented a Display With Graphical User Interface - Capital Gains Analyzer (the "Invention"), and owns all right, title, and interest in and to the following patent application embodying the Invention (the "Patent Application"):

| <u>Application No.</u> | <u>Filed</u> | <u>Title</u> |
|------------------------|------------------|--|
| US 29/722,091 | January 27, 2020 | Display With Graphical User Interface - Capital Gains Analyzer |

INVENTOR desires to assign to ASSIGNEE all of INVENTOR's rights, title, and interest, including patent rights, to the Invention and the Patent Application and any patent that may issue therefrom (the "Patent").

ASSIGNEE desires to obtain the entirety of INVENTOR's rights, title, and interest in the Invention, the Patent Application, and the Patent, taking over prosecution of the Patent Applications, and enforcing any patent rights that may issue therefrom.

INVENTOR has received sufficient consideration from ASSIGNEE to support this agreement.

The parties therefore agree as follows:

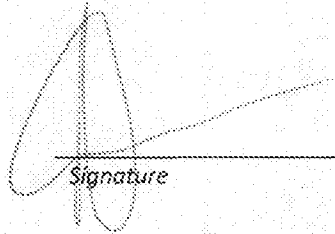

1. **Assignment.** INVENTOR hereby assigns without limitation to ASSIGNEE for the territory of the entire world, all right, title, and interest in and to the Invention, the Patent Application, and the Patent, including all related divisional applications, continuation applications, continuation-in-part applications, renewals, reissues, or substitute applications, and also including all priority rights for patent applications foreign to the United States of America. INVENTOR hereby assigns without limitation to ASSIGNEE the right to recover for any past, present, and future infringement of the Patent assigned hereunder.

2. **Duties.** INVENTOR hereby covenants and agrees, for INVENTOR and INVENTOR's legal representatives, to:

- (a) assist Assignee in the prosecution, examination, and maintenance of the Patent Application;
- (b) assist in the preparation and prosecution of any other applications for patents that ASSIGNEE may elect to make covering the Invention including any applications for reissue, applications for reexamination, and applications for foreign patent rights;
- (c) assist in any proceedings in the United States Patent and Trademark Office affecting the Invention, Patent Application, or Patent;
- (d) invest in ASSIGNEE exclusive title in and to all such other applications and patents claiming priority to or through the Patent Application;
- (e) assist in the prosecution of any interferences, reexaminations, and post-grant oppositions that may arise involving the Invention, Patent Application, Patent, or any other applications or patents herein contemplated;
- (f) promptly execute and deliver to ASSIGNEE any and all additional papers and make all lawful oaths that may be reasonably requested by ASSIGNEE to fully carry out the terms of this patent assignment;
- (g) communicate to ASSIGNEE, or to its successors, assigns, and legal representatives, all facts known regarding the Invention;
- (h) communicate to ASSIGNEE, or to its successors, assigns, and legal representatives, all other patents, patent application publications, and other publications of which INVENTOR is aware to satisfy the INVENTOR's Duty of Disclosure as mandated under the Patent Laws and Rules;
- (i) testify, at ASSIGNEE's expense, in any legal proceedings involving the Invention, Patent Application, or Patent; and
- (j) assist, as reasonably necessary, ASSIGNEE, its successors, assigns, and legal representatives in obtaining and enforcing proper patent protection for the Invention in all desired countries.
