ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, I, David Bettoun, of 554 Manayunk Road, Merion Station, Pennsylvania 19066 (USA) hereby assign to HaRo Pharmaceutical Inc., a Pennsylvania corporation having a place of business at 554 Manayunk Road, Merion Station, Pennsylvania 19066 (USA), and its successors and assigns (collectively hereinafter "the Assignee"), the entire right, title and interest throughout the world in the invention(s) and improvement(s) that are described or described and claimed in U.S. Application Number 62/007,686, entitled "Compositions and Methods for Supporting Muscle Function", which was filed with the United States Patent and Trademark Office (USPTO) on June 4, 2014 ("said application").

This assignment further includes all my rights in any invention(s) and improvement(s) that are described or described and claimed in any utility application that claims the benefit of the filing date of said application ("said utility application"), any continuation, continuation-in-part, or divisional application of said utility application; any patent(s) that issue from the foregoing application(s), including any utility patents and models; any patent(s) that issue from the foregoing application(s) and are subjected to reexamination and/or reissue proceedings; and any design registrations granted for any of the invention(s) or improvement(s) described in the foregoing application(s) or patent(s). This assignment further includes all my rights in any invention(s) and improvement(s) described or described and claimed in any patents and patent applications claiming priority to the filing date of said application, said utility application, or any continuation, continuation-in-part, or divisional application thereof under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other treaties of like purpose.

This assignment also includes, without limitation, any claims, whether known or unknown, and whether suspected or unsuspected, of any nature that I have or may have against any party for infringement of any of the patents referenced herein and the right to sue for past infringement and to recover and retain damages and profits in respect thereof.

I authorize the Assignee to apply in all countries in my name or in its own name for patents, utility models, design registrations, and like rights of exclusion and for inventors' certificates for said invention(s) and improvement(s).

I hereby covenant and agree that I will communicate to the Assignee or the Assignee's nominee(s) all facts known to me pertaining to said inventions and improvements, and I agree for myself and my respective heirs, legal representations, and assigns, to perform such lawful acts and to sign such further applications, assignments, reissues, Preliminary Statements, and other lawful documents, testify in all legal proceedings, make all rightful oaths and declarations, and in general perform or cause to be

I hereby covenant and agree that I will communicate to the Assignee or the Assignee's nominee(s) all facts known to us pertaining to said inventions and improvements, and I agree for myself and my respective heirs, legal representations, and assigns, without further compensation, to perform such lawful acts and to sign such further applications, assignments, reissues, Preliminary Statements, and other lawful documents, testify in all legal proceedings, make all rightful oaths and declarations, and in general perform or cause to be performed all lawful acts necessary or proper to aid the Assignee or nominees in obtaining, maintaining, and enforcing all lawful patent protection for the inventions and improvements in the United States and in other countries or regions.

I hereby covenant that I have the full right to convey the entire right, title, and interest herein assigned, and that I have not executed and will not execute any agreement in conflict herewith.
