PATENT ASSIGNMENT

- (1) Jessica Hawkins; and
- (2) Justin G. Graham;

have co-invented certain new and useful improvements in an invention titled:

Intra-oral scanning device with active delete of unwanted scanned items

filed with the United States Patent & Trademark Office on February 15, 2019, as U.S. Serial No. 62/805,982, together with a non-provisional application that claims priority thereto (the "Invention"); and

WHEREAS, D4D Technologies, LLC, a limited liability company having its principal place of business at 2920 Telecom Pkwy #100 Parkway, Richardson, Texas 75082 (hereinafter referred to as "Assignee"), is desirous of acquiring the entire interest in, to and under the Invention and the United States Letters Patent to be obtained for the invention:

NOW, THEREFORE:

Be it known that in consideration of the payment by Assignee to me of good and valuable consideration, the receipt of which is hereby acknowledged, I, the above named, hereby sell, assign and transfer to Assignee my full and exclusive right, title and interest to said Invention and all Letters Patent of the United States to be obtained therefor on said patent or any patent applications, continuations, divisions, renewals, reexaminations, substitutes or reissues thereof for the full term or terms for which the same may be granted.

I further assign to Assignee all of my right, title and interest in and to said Invention in all foreign countries, and all applications for Letters Patent that may evolve therefrom, including the right to claim International Convention priority.

I further covenant that Assignee will, upon its request, be provided promptly with all pertinent facts and documents relating to said application, said Invention and said Letters Patent as may be known and accessible to me and I will testify as to the same in any administrative proceeding or litigation related thereto and will promptly execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain and enforce said applications, said Invention and said Letters Patent that may be necessary or desirable to carry out the purposes hereof.

This Assignment is effective as of the date first written.
