PATENT

ASSIGNMENT

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, **Shuo Jiao, Munjal Shah, Ryan Hinchey, Cathy Ye Fan and Ardaman Singh**, the undersigned Assignor(s), believing to be the inventors of any and all new and useful improvements ("Improvements") disclosed in the below-listed patent applications ("Patent Applications"),

SYSTEM AND METHOD FOR PREDICTING MORTALITY AMONGST A USER BASE, filed in the United States Patent and Trademark Office on September 22, 2016 ("Effective Date"), and having Application No. 15/273,585 ("Patent Application") (HEQL.P001CIP2),

SYSTEM AND METHOD FOR USING SOCIAL NETWORK CONTENT TO DETERMINE A LIFESTYLE CATEGORY OF USERS, filed in the United States Patent and Trademark Office on September 22, 2016 ("Effective Date"), and having Application No. 15/273,602 ("Patent Application") (HEQL.P001CIP3),

AUTOMATED DETERMINATION OF USER HEALTH PROFILE, filed in the United States Patent and Trademark Office on September 22, 2016 ("Effective Date"), and having Application No. 15/273,618 ("Patent Application") (HEQL.P001CIP4),

hereby sell, assign, and transfer to ~~Health Equity Labs~~ **HIQ, INC.**, a Corporation having a principal place of business at **2513 Charleston Rd #102, Mountain View, CA 94043**, ("Assignee"), and its successors, assigns, and legal representatives, as of the Effective Date, our entire right, title, and interest for the United States and all foreign countries, in and to the Improvements, and to any and all follow-on applications, whether filed domestically or internationally, that claim priority to the Patent Application or otherwise describe the Improvements, including but not limited to all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications, utility models and the like that have been or shall be filed in the United States and any and all foreign countries on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States and all foreign countries on the Improvements; and in and to all rights of priority resulting from the filing of the Patent Application; and the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such foreign applications are entitled under international conventions, treaties or otherwise.

By execution of this Assignment, we agree that the Assignee possesses, and has possessed as of the Effective Date, the right to apply for and receive a patent or patents for said improvements in its own name. At the request of the Assignee, its successors, assigns, and legal representatives, when to carry out in good faith the intent and purpose of this Assignment, we will execute additional assignments, rightful oaths, powers of attorney, and other papers and writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and we will render all necessary assistance in making application for and obtaining all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on the Improvements; execute all as may be required. We further agree to communicate to the Assignee, its successors, assigns, and representatives, all facts known to me relating to the Improvements, the Patent Application, and the history thereof. We agree to generally assist the Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for the
