NOW THEREFORE, be it known that for good and valuable consideration, including, if applicable, my employment by Assignee, the receipt and sufficiency of which is hereby acknowledged, Assignor by these presents does hereby sell, assign, and transfer unto Assignee, its successors, legal representatives, and assigns their full and exclusive right in and to the invention as described in the Application, and his entire right, title, and interest in and to the Application, any and all patent applications relating to the aforesaid invention, any and all patent applications claiming the benefit of the filing date of the Application, and any and all letters patent which may be granted therefor in the United States of America and its territorial possessions, and in any and all foreign countries, and in and to any and all divisions, continuations, continuations-in-part, reexaminations, reissues, extensions, substitutions and renewals thereof, to the full end of the term for which said letters patent may be granted, the same to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made;
