# ASSIGNMENT

For valuable consideration, the receipt of which we acknowledge, and intending to be bound legally, we, TODD GRACE and KENT STUBBLEFIELD, each individually assign to ANDRITZ INC., a corporation formed under the laws of the State of Georgia, USA and having a principal place of business at 5405 Windward Parkway, Suite 100W, Alpharetta, GA 30004, and its successors, transferees, and assignees (collectively the "Assignee"), all of our individual and joint right, title, and interest throughout the world in the invention(s) (the "Subject Matter") described in a patent application that names us as inventors, entitled "REPLACEABLE FILTER PLATE ASSEMBLY FOR A ROTARY DRUM FILTER," and that was filed in the United States Patent and Trademark Office on January 29, 2020, as application no. 16/775,744 (the "Application") and, which claims the benefit of priority of application no. 62/801,092 filed on February 5, 2019.

In accordance with existing agreements duly entered into with the Assignee, this Assignment assigns, in addition to the Subject Matter of the Application, (a) the Application and all other applications (including all continuing applications, divisions, substitutes, renewals, reissues, conversions, re-examinations, extensions) that may be made for, and any resulting patents thereof, utility models, design registrations, and other rights of exclusion and inventors' certificates for, any of the Subject Matter (collectively the "Applications and Granted Rights") in every country or region and for the full terms for which the same may be granted under every treaty or convention, (b) the right to claim priority based on and the benefit of the filing date of any of the Applications and Granted Rights under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, and all other applicable treaties or conventions, (c) any rights associated therewith, including, but not limited to, any and all royalties, profits, fees, income, payments, and other proceeds now or hereafter due or payable, and (d) the right to pursue, collect, and retain in the Assignee's name or otherwise, damages and any other remedies arising from any past, present, or future infringement of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Assignment.

We authorize the Assignee to apply for and pursue protection for any or all of the Subject Matter, the Applications and Granted Rights, and any other rights assigned by this Assignment in all countries, regions, and territories of the world, in our names or in the Assignee's name.

We represent and warrant that we have the right and power to make this Assignment and that we have not made and will not make any other assignment that conflicts with this Assignment.

We will communicate to the Assignee (or, at the request of the Assignee to other parties) all known facts in any form relating to the Subject Matter; will execute and provide all oaths and declarations, statements, affidavits, testimony, exhibits, assignments, powers of attorney, applications, and documents; and will perform all other lawful acts necessary or desirable to secure fully to the Assignee the rights, titles, and interests assigned by this Assignment; and we will cooperate with the execution and delivery of all papers necessary in connection with any administrative or judicial proceedings related to the Subject Matter, and the Applications and Granted Rights.

This Assignment inures to the benefit of the Assignee and its successors, assigns, and other legal representatives, and is binding on us, the named inventors, and our respective heirs, legal representatives, and assigns.
