5. For valuable consideration received, the Assignor and the Assignee hereby agree as follows:
 - 5.1 The Assignor hereby confirms that the Assignor has assigned and transferred to the Assignee all right, title, and interest of the Assignor in and to the inventions and the Patents (together with, but not limited to, all existing or future reissue patents, divisional patent applications, continuation patent applications, continuation-in-part patent applications, patents of addition, renewals, extensions, registrations, confirmations, or reexaminations that issue therefrom) to the intent that a grant of any worldwide patents thereon shall be in the name of and shall vest in the Assignee together with all of the rights and powers arising or accrued therefrom including the right to sue for damages and other remedies in respect of any infringement of such rights or other rights within the scope of the claims of any of the Patents.
