## ASSIGNMENT

WHEREAS, we, Brian Liu, Amanda Sweetnam, and Baker Zhong, (collectively the "Assignors") are the inventors of a certain new and useful invention and discovery entitled "Cat Activity Toy" (the "Invention") and disclosed in U.S. Patent Application No. 62/113,084, filed February 6, 2015 and US Patent Application No. 15/017,134, filed February 5, 2016 (both applications hereinafter collectively referred to as the "Applications"; and

WHEREAS, Radio Systems Corporation, a corporation of Delaware, domiciled in Knox County, TN, and having its principal office at 10427 PetSafe Way, Knoxville, TN 37932, and which, together with its successors and assigns, is hereinafter called "Assignee," is desirous of acquiring the title, rights, benefits, and privileges hereinafter recited;

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignors hereby assign to Assignee all of Assignors' right, title and interest in the Invention, all improvements therein, the Applications and all priority rights arising therefrom, and any applications and/or patents, and any reissues and extensions thereof, which issue in any country upon any patent applications which correspond with any of the following: the Applications; any application that claims priority from the Applications (including utility applications, divisionals, continuations, continuations-in-part, international applications and/or any foreign regional and/or national applications), or any application based in whole or in part on any of the foregoing. Assignors assign to Assignee the right to sue for patent infringement, past, present, and future, in any and all countries where patent rights are held with respect to any of the title, rights, benefits, and privileges herein recited.

Assignors agree that such Assignors and Assignors' heirs and legal representatives will, without further consideration, cooperate with Assignee in the prosecution of all of the above applications, execute, verify, acknowledge and deliver all such further papers, including applications for patents and for reissues and extensions thereof, and instruments of assignment and transfer thereof, and will communicate any facts known to Assignors relating to the Invention, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee. Assignors further agree that such

Assignors will, without further compensation to Assignors during the term of such Assignors' employment by Assignee and thereafter for reasonable compensation as determined by Assignee, perform such other acts as may be reasonably required when requested by Assignee, including attending depositions, preparing and executing declarations and affidavits and testifying as a witness, to obtain or maintain or enforce patents for the Invention and improvements therein in any and all countries and to vest title thereto in Assignee.

Assignors grant the attorneys of Baker, Donelson, Bearman, Caldwell & Berkowitz P.C. associated with Customer Number 49,841 the power to insert in this Assignment any further identification or information which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office (or any foreign patent office) for recordation of this document.

IN WITNESS WHEREOF, said Assignors have executed and delivered this instrument to said Assignee on the date indicated below.
