ASSIGNMENT

Whereas, Alis Jusic, an individual residing in Carson, California (hereinafter "INVENTOR) is the owner of U.S. Design Patent Application No. 29,679,051, entitled Crossbody Bag, which was filed on February 1, 2019. For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the INVENTOR (ASSIGNOR) hereby:

(a) Assigns, transfers, and conveys to Skunk, Inc., a California corporation with a mailing address of 22520 Avalon Bl., Carson, CA 90745 ((hereinafter "ASSIGNEE"), his entire right, title and interest, for the United States and in all foreign jurisdictions, including all rights to claim priority, in and to any and all improvements which are found in:

- (i) any and all inventions and discoveries described and/or claimed in the present patent application;
- (ii) the present patent application;
- (iii) all patents that may be granted thereon;
- (iv) all patent applications or patents which may claim priority of (or serve as the basis for a priority claim by) the present application (including but not limited to continuations, divisions, continuations-in-part, substitutes, renewals, reissues, reexaminations, post grant review patents, derivations or extensions thereof, together with all priority rights and counterpart applications under existing or future international patent conventions, agreements or treaties), including the right of ASSIGNEE, its successors-in-interest and assigns to make applications and receive patents (and their equivalents) for said inventions and discoveries in any and all foreign countries in its own name, at its election, and;
- (v) the right to sue third parties for patent infringement (including but not limited to damages) accruing based on activities occurring prior to the execution date hereof.

(b) Authorizes and requests the Commissioner of Patents to issue any and all United States Patents resulting from the present applications or any divisional, continuation, continuation-in-part, substitute, renewal, reexamination or reissue or extension thereof to ASSIGNEE.

(c) Agrees to communicate to ASSIGNEE any facts known to it respecting the inventions and discoveries, and provide employees or representatives to testify in any legal proceeding involving any of the assigned rights, sign all lawful papers, execute all divisional, continuing and reissue or other related applications, make all rightful oaths, execute all papers deemed by ASSIGNEE to be necessary for recording this Assignment, including any Confirmatory Assignments, with the United States Patent and Trademark Office and any foreign patent offices, and generally perform any and all acts which are reasonably necessary and/or which ASSIGNEE, its successors-in-interest, assigns, officers, directors or other legal representatives or agents may deem necessary to secure thereto the rights herein assigned, sold and transferred.

(d) Warrants and covenants that no other assignment, license, contract, understanding, interest or other grant has been made or will be made or entered into which would conflict with this assignment.

(e) Covenants not to challenge the validity or enforceability of any of the patent applications or patents assigned to ASSIGNEE hereunder.

(f) Agrees that the terms, covenants and conditions of this assignment shall inure to the benefit of ASSIGNEE, its successors-in-interest, assigns, officers, directors or other legal representatives or agents.

IN TESTIMONY WHEREOF, I, ALIS JUSIC, of Carson, California (ASSIGNOR) attest that I am duly authorized to execute this contract and have executed this document on the date indicated below.
