ASSIGNMENT

This Assignment is made and executed by Dale Lee Tse Kang (a Hong Kong citizen), Rose Chau Pei Shan (a Hong Kong citizen), and Top Brands (Hong Kong) Limited, each of the foregoing having an address at Suite 707 Harbour Centre Tower 2, 8 Hok Cheung St., Kowloon, Hong Kong (hereinafter collectively the "Assignors"), to and in favor of Origami Owl, LLC, an Arizona, USA limited liability company, having a business address of 450 N. 54th Street, Chandler, AZ 85226 USA (hereinafter "Assignee").

Whereas the Assignors each desire to assign their entire right, title and interest in and to the invention described in U.S. Design Patent Application No. 29/579,424, filed on September 29, 2016 and titled "WATCH " (hereinafter the "Patent Application"), for valuable consideration, the receipt of which is hereby acknowledged.

Accordingly, the Assignors warrant, covenant and agree as follows:

29/719,777
filed January 7, 2020

1. Assignors each hereby sell, assign and convey to Assignee such Assignors' entire right, title and interest in and to the invention described in the Patent Application, including (i) the Patent Application itself and any substitute patent application based in whole or in part on the Patent Application, (ii) all national and regional patent applications claiming the priority of the Patent Application or resulting from or based on the Patent Application, whether pursued as a patent, an inventor's certificate, a utility model or the like, including all rights of priority based on the Patent Application, and all substitute, continuation, continuation-in-part and divisional applications based in whole or in part on any such national or regional applications, and (iii) all patents, inventor's certificates, utility models and the like resulting from any of the such applications, and any reissues and extensions thereof.
2. Assignors each hereby sell, assign and convey to Assignee such Assignors' entire right, title and interest in and to (i) all counterparts to all or any part of the Patent Application that are not included in Paragraph 1 above and that have been or may be filed in any country or under the Paris Convention Treaty or other international treaty, whether pursued as a patent, an inventor's certificate, a utility model or the like, including all rights of priority based on the Patent Application or any counterpart, and all substitute, continuation, continuation-in-part and divisional applications based in whole or in part on any of the counterparts, and (ii) including all patents, inventor's certificates, utility models resulting from any of the counterparts, any reissues and extensions thereof.
3. Assignors each hereby grant to Assignee the sole and exclusive right to prosecute the Patent Application and all related applications as described in Paragraphs 1 and 2 above, as well as any opposition proceedings, reissue applications, reexaminations, and nullity or invalidity proceedings. Assignors authorize all governmental bodies having the power to issue patents, inventor's certificates or utility models to issue a patent, inventor's certificate or utility model based on the Patent Application or any related applications as described in Paragraphs 1 and 2 above in the name of Assignee.
4. Assignors each agree upon request and without further consideration, but at Assignee's expense: (a) to assist Assignee in prosecuting the Patent Application and all related applications as described in Paragraphs 1 and 2 above, as well as opposition proceedings, reissue applications, reexaminations, and nullity or invalidity proceedings; (b) to provide Assignee with information concerning the Patent Application and the related applications described in Paragraphs 1 and 2 above to enable Assignee to obtain, secure and protect all of the rights, title and interest sold, assigned, conveyed and granted under this Assignment (the "Assigned Assets"); (c) to sign papers, take oaths and testify in legal proceedings to enable Assignee to obtain, secure and protect the Assigned Assets; and (d) to perform all

acts reasonably necessary to enable Assignee to obtain, secure and protect the Assigned Assets, including assistance in any proceedings pertaining to the Patent Application and the related applications described in Paragraphs 1 and 2 above or to their enforcement.

5. Assignors each warrant and covenant that such Assignors have the full right to sell, assign and convey the Assigned Assets, and that to their knowledge all of the Assigned Assets are free and clear of all mortgages, liens, security interests, charges, claims, royalty obligations and encumbrances of any nature whatsoever and that the Assignors have not executed and will not execute any agreement in conflict with this Assignment.

6. Assignee may assign the Assigned Assets in whole or in part. All references herein to Assignee include any successors or assigns of Assignee.

7. Assignors hereby authorize any member of the firm of Fennemore Craig, P.C. to insert or complete any information, including but not limited to the patent application serial number, needed to effect this document's recordation with any appropriate governmental or other body, organization or office that provides for the recordation of assignments of assets such as those included in the Assigned Assets.
