PATENT ASSIGNMENT

This Patent Assignment (“Assignment”), effective as of the date of last signature below, is by and between **Invacare Corporation**, having its principal place of business at One Invacare Way, Elyria, Ohio 44035-2126 (hereinafter “Assignor”), and **Dynamic Controls Limited**, having its principal place of business at 39 Princess Street, Riccarton, Christchurch, 8041 New Zealand (hereinafter “Assignee”).

WHEREAS, Assignor is the owner by assignment of all right, title, and interest in and to United States Provisional Patent Application 62/524,019, filed June 23, 2017, titled **DISEASE BASED TOUCH SCREEN CONFIGURATION** and PCT Patent Application Serial No. PCT/US2018/039314, filed June 25, 2018, titled **METHODS AND SYSTEMS FOR DISEASE-BASED TOUCH SCREEN CONFIGURATION** (hereinafter the “Patent Application”); and

WHEREAS, Assignee is entitled to own all right, title, and interest in and to said Patent Application.

NOW, THEREFORE, in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, transfer, and assign to the said Assignee, its successors, assigns and other legal representatives, for the territory of the United States of America and throughout the world, its entire right, title and interest in and to the Patent Application, and the inventions therein, together with any and all reissues, reexaminations, statutory invention registrations, modifications and extensions thereof, together with any and all continuations, divisions, continuations-in-part and reissues, and all of the inventions relating to the foregoing, and hereby authorizes and requests the Commissioner of Patents for the country involved to issue any and all patents on inventions resulting from the Patent Application or other applications to Assignee as Assignee of the entire right, title and interest therein, all of the foregoing to be held and enjoyed by Assignee for its own use and for the use of its successors, assigns or other legal representatives, together with all of the income, royalties, damages and payments now or hereafter due or payable with respect thereto, and all claims for damages by reason of past, present and future infringement of the rights assigned under this Assignment with the right to sue for and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns and other legal representatives, as fully and

entirely as the same would have been held and enjoyed by Assignor if this transfer to Assignee had not been made.

Assignor covenants that it will, when requested and at its expense, execute, deliver and acknowledge all such further instruments of conveyance and do and perform all such other acts and things as Assignee may reasonably require to more effectively accomplish the assignment, transfer and recordation thereof of said Patent Application. Assignor covenants that it will, when requested and at Assignee's reasonable expense, assist with and cooperate with Assignee and with Assignee's attorneys with respect to the maintenance, transfer, or enforcement of, or resolution of any dispute about, the Patent Application.

Assignee's authority hereunder shall include, without limitation, the authority to execute and receive any certificate of ownership or other document to transfer title to any Patent Application rights assigned pursuant to this Assignment, and to take any other actions necessary or incident to the powers granted to Assignee in this Assignment.
