ASSIGNMENT

WHEREAS, **JOSEPH R. RANDAZZA** of Boca Raton, Florida, and **DANILO PORTAL** of Miramar, Florida (hereinafter the "Undersigned") has/have made one or more inventions and other subject matter (hereinafter collectively referred to as the "Invention") which are described in a U.S. patent application filed on September 4, 2013, which application was assigned U.S. Patent Application Serial No. 14/017,747 and issued as U.S. Patent No. 8,833,644 on September 16, 2014, and which is titled "Payment System And Methods."

FOR GOOD AND VALUABLE CONSIDERATION, the receipt, sufficiency, and adequacy of which are hereby acknowledged by the Undersigned, the Undersigned do hereby irrevocably and unconditionally:

CONVEY, ASSIGN, AND TRANSFER to **NATIONAL PAYMENT CARD ASSOCIATION**, (the "Assignee"), a corporation of the State of Delaware, the Undersigned's entire right, title, and interest for the United States and all foreign countries and jurisdictions in and to:

the Invention which is disclosed in the above-identified patent application or patent; such patent application or patent, and all divisional, continuing (including continuation-in-part), substitute, renewal, reissue, and all other applications for a patent or patents which have been or shall be filed in the United States (including all provisional and non-provisional applications), and in all foreign countries and jurisdictions based in whole or in part on any of such Invention (including any application for a utility model or an innovation patent application);

all original and reissued patents which have been or shall be issued in the United States and all foreign countries and jurisdictions based in whole or in part on any of such Invention;

including the right to claim priority to the above-identified patent application or patent in relation to subject matter based in whole or in part on the above-identified patent application or patent and any of the foregoing including the right to file foreign applications under the provisions of any convention or treaty;

and including the right to all causes of action, remedies, and other enforcement rights related to the above-identified patent application or patent, including without limitation the right to sue for past, present, or future infringement, misappropriation, or violation of any and all rights related to the above-identified patent application or patent and any of the foregoing, including the right to obtain and collect damages for past, present, or future infringement;

AUTHORIZE AND REQUEST the issuing authority to issue any and all United States and foreign patents granted on such Invention to the Assignee;
