ASSIGNMENT

Whereas, we, the undersigned inventors hereinafter called assignors, have invented certain improvements in and to the subject matter of:

**FUSION PROTEINS, RECOMBINANT BACTERIA, AND EXOSPORIUM
FRAGMENTS FOR PEST CONTROL AND PLANT HEALTH**

described in an application for Letters Patent the specification of which:

was filed on: 19 MARCH 2019

as United States Application No.: 62/820,773

and/or PCT International Application No.: _____

Whereas, Bayer CropScience LP, a Delaware limited partnership, having a place of business at 800 North Lindbergh Boulevard, St. Louis, Missouri 61367, U.S.A., (assignee) desires to acquire the entire right, title, and interest in the application and invention, and to any United States and foreign patents to be obtained therefor;

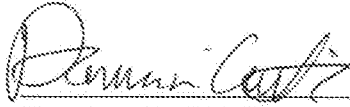

Now therefore, for valuable consideration, receipt whereof is hereby acknowledged,

We, the above named assignors, hereby sell, assign, and transfer to the above named assignee, its successors, legal representatives, and assigns, our entire right, title and interest, if any, in the invention and the application for the United States of America, including all direct and indirect divisions, continuations, and continuations-in-part thereof, and all original, extended, reissued, reviewed, and reexamined Letters Patent of the United States, and all countries foreign thereto, that may be granted thereon, including rights of priority under the International Convention of Paris (1883) as amended, including the right to claim priority under 35 U.S.C. §119, and we request the Director of the U.S. Patent and Trademark Office to issue any Letters Patent granted upon the invention set forth in the application to the assignee, its successors and assigns; and we hereby agree that the assignee may apply for foreign Letters Patent on the invention and we will without further consideration, communicate all facts known to us and execute without further consideration all papers deemed necessary by the assignee in connection with the United States and foreign applications when called upon to do so by the assignee, its successors, legal representatives, or assigns. We further represent and warrant that we have the full right to convey the interest assigned by this assignment, and that we have not granted any rights inconsistent with the rights granted herein. We further acknowledge an obligation of assignment of this invention to assignee at the time the invention was made.

The Assignors hereby authorize and request our agents, the attorneys of Bayer CropScience LP, whose address is 890 Embarcadero Drive, West Sacramento, California 95605 U.S.A., to insert in the spaces provided above any further identification, including the filing date and application number, when known, which may be necessary or desirable for purposes of recordation of this Assignment

This Assignment may be executed in one or more counterparts, each of which shall be deemed an original and all of which may be taken together as one and the same Assignment.
